## MEDIA TION IS DISRUPTED

### LAND ISSUE CAUSE OF HITCH

Mexican and U. S. Delegates Strike Snag in Conference

Sensation Is Caused by Sudden Break in the Proceedings

NIAGARA FALLS, Ont., May 25.—The conference between the Mexican and American delegates to discuss the proposed extension of the California Southern Railway Company's line from the Key Route to the San Francisco-Oakland Terminal Railway Company's line, which was held here today, was disrupted by a sudden break in the proceedings.

Then, when every one, amazed at this sudden step, was speculating on the reason for it and the air was filled with rumors, probable and absurdly improbable, the American delegates dashed up in their automobiles. There was a hurried mounting of the vehicles to the residence of the mediators, the door of the rustic chamber was slammed and a prolonged and earnest conversation was entered on.

WANT ASSURANCE.  
It was obvious that there must be some more definite assurance respecting the land question before the delegates would agree to meet the day after tomorrow. It was to be worked out or how it could be worked out was not known.

PRECEDENT HOW IT WAS TO BE WORKED OUT or how it could be worked out was not known. It was to be worked out or how it could be worked out was not known.

CONVULSION TO VISIT SALTILLO.  
WASHINGTON, May 25.—Normal conditions are prevailing again in Mexico. The state department reported today to the state department. The railroad to Saltillo was to resume carrying passengers today and the consul reported his plan to go to that city.

Mrs. John P. Sullivan, wife of the vice-consul at Saltillo, has learned of her husband's safe arrival in Mexico City through the state department and Consul General Hanna.

A message from Mrs. Sullivan, received here today, tells of the arrest of her husband on May 12, his three weeks' imprisonment and departure for Mexico City. Mrs. Sullivan expects to leave Saltillo later with a party of other American women and a Mr. Wheeler of the British consulate.

SILVERMAN AT VERA CRUZ.  
VERA CRUZ, May 25.—John R. Silverman, American vice-consul at Saltillo, arrived here today from Mexico City. He declined to discuss his experiences during his imprisonment until after he had made his official report to Washington.

## U.S. TROOPS ARE FIRED ON

Soldiers Meet Armed Resistance in Strike Zone

TRINIDAD, Colo., May 26.—For the first time since they assumed control in the strike districts of the Colorado coal fields, the United States troops were fired upon last night. The shooting occurred at a mine camp at Segundo, near Trinidad. There twenty shots were fired at the federal troops.

The shots were fired at a patrol from a hillside overlooking the camp after a trooper, who had dodged a missile thrown at him through a window answered a shot fired at him from the darkness.

### Morals Court Fails To Fill Demand for Guaranteed Babies

CHICAGO, May 26.—Chicago's stock of "certified babies" was exhausted in less than a week. A few days ago Judge Goodnow of the morals court let it be known that his court would offer for adoption babies who had been passed as physically and mentally perfect by the city psychopathic laboratory. No others would be given and with each baby would go a chart of its mental traits and possibilities.

## AUDITORIUM PETITION FILED

5000 Signatures Are Obtained to Demand for Election

Council Is Asked to Re-submit Bond Issue Recently Lost

Following work of a day and a night the auditorium campaign committee of the Oakland Commercial Club this morning, at the session of the city council, filed with that body a petition, signed by 5000 names, requesting the immediate calling of a second election to decide whether or not the people shall, by bond issue, complete the Municipal Auditorium.

The petition calling for practically the same election as was held and lost recently on the same matter, was filed, following a whirlwind campaign yesterday and last night by the committee, when they decided that the election should be called with as little delay as possible. The document, in eighty sections, was carried into the council chambers this morning by J. H. King, chairman of the campaign committee, and Lewis Gear.

"I believe that, before we are finished, we will have fully 6000 names on our petition," declared King. "As a result, still a number of sections out. These will be filed this afternoon."

ON VERIFICATION.  
A recess was at once taken until 4 o'clock, and his office force is now at work verifying the signatures. It is estimated that this work will be finished this afternoon before the conclusion of the council session.

"We worked quick and we will keep on working," declared King, when the petitions were filed. "We had no trouble at all. Every one seemed more than anxious to sign."

The Commercial Club men declare that their petition will contain at least twice the number of names required.

## CAPITALIST OBTAINS A DIVORCE

R. H. Smilie Gets Legal Separation From Society Woman

Wife Loses Appeal to Supreme Court; Husband Says Cruelty

Robert H. Smilie of Berkeley, manager of the valuable holdings of the Smilie Estate Company, was granted an interlocutory decree of divorce today from his wife, the former Florence L. Buck, beautiful society dame and sister of Major Carroll Buck, U. S. A. The divorce case which has been pending before Superior Judge Harris since August, 1912, once found its way into the Supreme court on an appeal made by Mrs. Smilie, whose motion for a change of venue to Sacramento county was overruled. She lost the appeal and the matter was referred to the Court Commissioner recently, with the result of a decision in favor of her husband.

SOON LEFT BRIDAL HOME.  
The romance between the society girl and Smilie commenced at the summer home of former Governor F. R. Fancher at Lake Tahoe in 1910. The couple were married in Minneapolis in February, 1912, but their happiness was short-lived for in July of that year Mrs. Smilie left her home at

## HEIRS TO LITIGATE

Claimant Keeps Alive Testimony Awaiting Death of Argonaut

John Kelley, who amassed a fortune during the railroad building days of the late Governor Leland Stanford, and who was some time ago declared incompetent to manage his estate by Superior Judge Ogden, will probably leave a highly tangled state of affairs upon his demise, according to intimations of a contest over the estate given in Sacramento by Margaret Diviny, who seeks to keep alive testimony to the effect that she is Kelley's cousin. Kelley, one of the well known characters of the state during the boom days of the gold diggings and railroad enterprises, once took up \$38,000 in a contest over the estate given in Sacramento by Margaret Diviny, who seeks to keep alive testimony to the effect that she is Kelley's cousin.

AN HISTORIC DEED.  
He bought the script at 50 cents on the dollar and the script has not to this date been redeemed by the state. It is part of Kelley's estate which the contest will probably be over at his death. At the time he was declared incompetent, Dwight H. Davis was appointed his guardian and has since administered the Kelley fortune, estimated at a quarter of a million dollars. Kelley is 84 years of age and enjoys good health. He resides with Mrs. Caroline Davis at 927 Thirty-fourth street, Sacramento.

Margaret Diviny has petitioned the court in Sacramento county for the perpetuation of testimony to establish her relationship as a cousin, her marriage, a legal battle, Kelley has made a will, it is said. In the meantime eight other persons have claimed heirship to Kelley.

## Right of Way Yields \$2,000,000 Mortgage

Through a mortgage filed today, the Oakland, Antioch & Eastern Railway pledges property in Alameda and Contra Costa county included in a right of way between a point in Claremont and Bay Point, a distance of twenty-eight miles, to the Anglo-California Trust Company to secure a bonded indebtedness of \$2,000,000. The mortgage was dated July 1, 1910, at the time construction on the road commenced.

## Rich metropolitan Is Won by Buskin

BELMONT PARK, N. Y., May 26.—Buskin, owned by J. Whalen, won the Metropolitan Handicap here today. Flinn was second and Rock View third. Time of winner for the mile was 1:17 1/4.

## BABES IN WOODS SMOKER TONIGHT

Chinese Consul's Children Not Kidnaped, But Sleeping in Creek Bed.

BERKELEY, May 26.—In each other's arms in the dry bed of Colton's Creek, slept eight-year-old Min Yien and her sister, Siao Gual, a few years older, last night, while their father, Shen Ching Shui, Chinese consul to San Francisco, was alone mourning heaven and earth to find them. This morning Mr. Takafu, the Japanese servant of Frank Rowe, residing at Tacoma avenue, brought them out of their hiding place and informed the police, who returned them to their distraught parents.

Early yesterday morning before Consul and Mrs. Shui had awakened the two little girls rose from bed, donned their clothes and went for a walk. Contrary to their father's directions they ventured outside the yard, became confused in the maze of Northern streets and were soon hopelessly lost. Meanwhile Mr. and Mrs. Shui had arisen and found them gone. They searched in vain about the yard and in the neighborhood.

SEARCHES IN NEIGHBORHOOD.  
The consul, fearful of kidnappers or of a plot of politicians, crossed the bay and ransacked San Francisco's Chinatown from end to end. Then he returned and gave the matter into the hands of the police, who from yesterday to this morning pursued the hunt for the missing children without avail. Yesterday afternoon Mrs. Rowe saw the two little girls apparently at play in the creek bed. She called to them and they hastily ran away. In this morning's newspapers she read of the disappearance of the consul's children and immediately connected them with the two she had seen the day before. She sent Takafu to find them, which he did.

MAY DIVE FURTHER.  
At the present time the railroad commission has nothing before it. The opinion is still in Los Angeles and the chief of the action of California is taking out \$1,000,000 from its treasury for outside uses was merely appended to a decision allowing the company to arrange for the purchase of 60 new cars, and providing for the financing of the purchase. Since the incident is closed and there remains nothing now before the board for consideration. However, it may see fit to dive further into withdrawal of the \$1,000,000 and the disposition of it.

TO AID INQUIRY.  
"Certainly we will take up this matter when we meet on Thursday," Lilienthal said. "So far as an investigation by the railroad commission is concerned, it is their choice to make one I will aid them with every implement in my hands. I will give them all the data I possess, will assist them in every way and will place under their control the entire clerical machinery of the United Railroads. I do not know what steps the directors will take on Thursday and I cannot forecast the result of that meeting."

REGARDING THE STATEMENT OF Mr. Calhoun, I feel that I ought not to be quoted. He says he invested the money that he did with the full consent of the directors. They say they knew nothing about it. Whether or not the former president of the United Railroads had authority so to act, I do not like to say.

BUSINESS TO RUN CARS.  
"I have always considered that it is the business of a street car company to run street cars, and I do not think it proper for it to become involved in other investments and projects. I may be wrong about this and it may be that such a course would be desirable. This company of sources of revenue, but while I am president I intend that this policy shall maintain."

## EXTENSION LIMITED BY TITLE

Corporation Would Be Known as California Railways Co.

Designation Will Embrace Entire System on This Side of Bay

Through a petition filed in the Superior Court this afternoon, the San Francisco-Oakland Terminal Railway Company asks permission to change its name to The California Railways Company, the action having been ratified by the board of directors at a meeting held on May 13th.

The change of name will embrace the entire railroad system operated by the F. M. Smith interests on this side of the bay, including the Key Route, the East Shore and Suburban Railway, the old Oakland Traction Company and its allied lines, and the old California Railway Company, which operated a line from the estuary to the quarries beyond Mills College.

## LIMITATION IN NAME.

Attorney W. H. Smith of the firm of Mordecai & Smith, representing the corporation, stated that the change in name had been decided upon for the reason that "the old name was cumbersome and limited the extent to which the railway might expand its properties in the future."

By the change of name Attorney Smith said the San Francisco-Oakland Terminal Railway would take over all the power held by the old California Railway, its rights and its franchises, assuming the latter corporation's name.

The California Railways was incorporated as a railroad a number of years ago and is today operating cars over the Twelfth street line of the Traction Company as far as Thirteenth and Washington streets. The provisions of its franchise are different from those of the Traction Company, being under a State franchise.

It is believed that the change will be a material one, affecting the operation of Key Route trains over Traction Company's lines and possible extension of these trams into outlying territory not now reached. In assuming the name of the California Railways Company, the San Francisco-Oakland Terminal Railway also takes whatever privileges the smaller corporation held in operating its cars under the state franchise. This will be somewhat more extensive than the powers of the present traction company's lines.

Attorney Smith, in speaking of the matter, intimated that further extensions would be made. These have been spoken of from time to time, and recently President Moore of the Terminal Railway returned from abroad with new capital, a portion of which, it is said, will be used on the San Jose extension of the Key Route, known as the San Jose Short Line. The change in name asked for today is looked upon as being material to the plans of the corporation in extending its properties.

## Driver Is Killed by S. P. Electric Train

BERKELEY, May 26.—The Ellsworth street electric line claimed another victim this afternoon when a train hit the Virginia street.

Peterson received injuries which require hospitalization. The driver, J. J. Quinn was conductor and R. F. Roberts motorman on the Ellsworth street train. According to the flagman at the corner of Parker and Ellsworth streets, where the accident happened, Peterson backed his rig into the path of the train.

## This Imperial Prince Attains Real Romance

POTSDAM, May 26.—Engagement of Prince Oskar, fifth son of the German Emperor and Empress, to Countess von Bassewitz, maid of honor to the Empress, was announced today.

Lively comment was aroused by the announcement, owing to the fact that the marriage will be the first mercantile marriage since 1853. In June of that year Prince Albert of Prussia, brother of the late Emperor William, and the daughter of a Prussian, married Countess Rosalie von Holleben.

The Emperor's consent to the match is said to have been granted because of the lack of an available German Princess and to his aversion to a foreign marriage for his son.

## U. R. R. TO CONSIDER FINANCE

### Lilienthal to Lay Calhoun Matter Before Board

(Continued From Page 1)

books of the United Railroads was because of entries they contained in connection with money spent as the result of the graft prosecution here. When President Lilienthal was asked today if that was not a fact he replied with a statement that railroad had always so characterized the removing of the books from this state.

### Funds Used for Expanding U. R. R. Declares Calhoun

NEW YORK, May 25.—Declaring that the funds he withdrew from the United Railroads were used to expand the company's operations, Patrick Calhoun today made public a lengthy answer to the charge of the California Railroad Commission that the funds were used for the purpose of expanding the U. R. R. in California.

"I am glad of the opportunity to lay certain facts before the public without appearing to burden it with private differences or to seek to lessen the criticism to which the U. R. R. has subjected me," Calhoun said. "One of the criticisms, heretofore apparently just and which I have greatly disliked to bear in silence, is, that I entered upon the Solano project without having secured the backing of the U. R. R. capital, now entirely disappears."

ENTERPRISE SOUND. "Everyone can appreciate that in starting this enterprise, backed by the U. R. R., I was not alone. It was entirely sound. As this statement proceeds it will appear how the enterprise lost this support and that of other stockholders, on whom, as a prudent business man, I had a just right to rely."

"The commission and I agree that the stockholders of the U. R. R. in August, 1912, clothed me with the widest powers, and the only limitation put upon my authority to invest the money of the company was my own judgment as to the wisdom of the investment."

"It was quite proper, I was and am the largest common stockholder of the United Railroads Investment Company and had successfully carried the United Railroads through the most trying ordeal to which any street railroad company was ever subjected and had saved it from receivership when certain of my associates, and some of the directors, had actually deserted me."

"The Japanese cruiser Izumo, which has been at anchor in Mazatlan harbor during the artillery duel between the two Mexican armies, departed today for Mazatlan, because of the expected arrival of a Japanese merchantman at the southern port May 26."

Word has arrived from Tepic that Theodore Jones, an American who had been held in prison there by the federalists on the perfunctory charge of murder, has been released by order of General Buelna.

CONSTITUTIONAL SYMPATHY. Evidence of strong constitutional sympathy among the citizens of Mazatlan is being shown. Officers of the American fleet, while ashore today, were stopped in the street by Mexicans who begged that the American launches be allowed to transport them to the constitutionalists' lines.

A most cheerful atmosphere made the warmth of the climate less disagreeable today. The men knew that the navy carrier Glacier was due today from San Francisco with 195 big guns for the fleet, and the prospect of the first direct word from home in many days became the consuming topic of conversation among officers and crew.

LIBERAL TO CALL ON CARRANZA. EL PASO, Texas, May 25.—Fernando Iglesias, Calles' leader, is on his way to confer with General Carranza, leader of the constitutionalists, in Mexico. The visit was considered a significant one at it bespoke, Mexican observers asserted, a union of effort on the part of the radical parties of Mexico.

Calderon was released from Juan Uloa penitentiary at Vera Cruz by American troops when they occupied the east coast port. He had been imprisoned by Huerta officials, it is said, because of his political activity. He will proceed soon with special traveling accommodations to Durango or to Torreon to meet the constitutionalist commander-in-chief.

GRATEFUL TO MINISTER. MEXICO CITY, May 25.—The Brazilian minister received a cablegram last night from Secretary Bryan informing him that the American colony in Mexico City had notified the American government of the receipt of the letter in caring for American interests and expressing thanks "for the untiring and splendid services you have rendered Americans and for your watchful care in their behalf."

A wireless message from Guaymas reported that one of the constitutionalist leaders operating in Sonora had offered his services to Huerta. He had 500 armed and mounted men under his command.

LIVERMORE EMBARGO. BROWNSVILLE, Texas, May 25.—An embargo on the exportation of livestock from Mexico has been announced by the constitutionalist militia headquarters at Matamoros. This action resulted from the steady export of cattle despite the duty of \$10 in gold placed on each head.

The gold embargo of freight to cross the international frontier here in a year came over yesterday from Mexico.

thing the United Railroads can do is to invest its surplus earnings, say \$500,000 a year, in addition to its fixed sinking funds, for the benefit of its bondholders and stockholders. I concur with the commission in the view that the railroad company should invest a part of its surplus net earnings for the benefit of its bondholders.

"The Solano project is well conceived from every point of view. At first I intended that should be taken only by the United Railroads. Subsequently I consented to increase the area it had originally intended to buy and to allow a participation to certain parties who desired it, taking also a participation myself, but retaining a control for the railroad."

"These parties unconditionally agreed to pay their subscriptions when and as called. Thus the enterprise, started in 1913, when it may be safely asserted, it was the most promising land enterprise ever inaugurated in the state. It required only \$75,000 to fully complete the irrigation system, the water, etc., on the land in the Solano valley then being offered for sale, and the total estimated cost of the project was only \$125,000."

ASSOCIATES OBJECT. "At this time, some of my associates in the United Railroads objected to the expenditure of any more money in the project. I said to my associates that I had after investigation, they persisted in their objection to this investment, I would assume it personally. What objection should be made of the investment, however, remained in abeyance until the summer, 1913, during which period I did not have access to the funds of the U. R. R. as they were being used for the purpose of the U. R. R. or whether it would be left to me to assume the burden."

"In August, 1913, when I called upon the minority stockholders to comply with their unconditional subscriptions, they failed to do so, and thus the U. R. R. enterprise was forced into embarrassment when only a few thousand dollars was necessary to fully complete its irrigation system on the first unit being offered for sale. My own funds were then, while the burden was a larger one than I would have been willing to assume, I assumed the on reasonable hope offered of making the enterprise a success was to personally step into the breach. I thought fully the matter under which I have labored, but I have not yet despaired of making the project successful."

FINANCIALLY PROSPEROUS. "So successfully had the company been financed that in January, 1914, the United Railroads was practically without debt. Through its sinking funds had decreased its bonded indebtedness since 1907 more than \$2,000,000. In spite of earthquake fire strikes rebuilding and re-equipment, the United Railroads since 1907 has not only not increased its obligations in the hands of the public, but has actually decreased them by millions. What other important public utility in or out of California can say the same?"

"Clothed with ample power, the United Railroads, through me, embarked in the Solano project. As a mere land speculation, it was a failure. As a project which I shall proceed to give which I believed in 1912 to be sound, and the correctness of which subsequent events have tended to confirm."

NO CAUSE FOR ALARM. "The commissioners and I fully concur in the belief that, through the operation of the fixed sinking funds provided in the mortgages, approximately \$20,000,000 of indebtedness will remain unpaid when the 4 per cent bonds mature in 1927, only a few years before several important franchises expire. This, however, need cause the bondholders no alarm, for, under the precedent established in the contest over the lower Market street tracks and which the city avoided, and passed, known in the purchase of the Fresno and Fresno street line, the city is now committed to the principle of paying a fair price for the physical property of the roads when the franchises expire and the city takes over the property."

United Railroads is hampered in the provisions of the city charter and prevented from expanding within the limits of the city of San Francisco, while the city can go forward with the development of the municipal roads and gradually absorb it.

GROWTH AND SENILITY. "Where growth ends senility begins. Two policies then were and are now open to the United Railroads. One is to conserve its present assets during the life of its franchises and at their expiration turn them over to the city at a fair price for its physical properties. In that way lies certain death, and in that way, in my judgment, lies small hope for the stockholders, for, with increasing senility, comes a more and more insistent need to be paid, the return to the stockholder must be small."

"The other policy is one of expansion—a policy conservatively but boldly constructive. As the United Railroads cannot expand within the city it must expand, if at all, outside of the city. Now where can the United Railroads expand to the greatest advantage to its bondholders, its stockholders and the state? The man is blind who does not see that the building of the Oakland, Antioch & Eastern Railroad, and the building of a bridge over the Sacramento river just below the mouth of the San Joaquin river present opportunities for the development of electric transportation in the Sacramento valley never before offered."

O. & A. HAS HELPED. "The Oakland, Antioch & Eastern connecting with the Northern Electric opens up the east side of the Sacramento valley. The Vallejo and Northern and the West Sacramento Valley all converge in Solano, forming, if properly developed, one of the most important systems of electric roads in the country. A few miles will complete a belt line around the bay, connecting the Pacific Northwestern with the Atchafalaya and the Southern Pacific near West Pittsburg."

"The control of the vast reservoir of fresh water in Cache and Lindsay sloughs furnishes the key to the development of that large and fertile area on the western side of the lower Sacramento valley, of which the Solano project forms a part."

"This practically limitless amount of fresh water is economically used to irrigate that large area of fertile land and a belt line is built around the bay the population and business of adjacent territory will largely increase and insure the success of the converging system of electric roads which are dependent upon the development of the Valley all tributary to Solano, and this development can only come through the use of water."

"In the development of this important water supply and later the construction of electric terminals of this interior system of electric roads, in my judgment, the U. R. R. has the best of the cards."

FAITH IN CALIFORNIA. "What Mr. Huntington has done on so splendid a scale around Los Angeles can be repeated in this territory. I am a great believer in the future value of California lands when well located and judiciously purchased. In my judgment the strongest

## STATE'S BANKERS READY TO MEET

Financial Giants Will Gather in Oakland to Discuss Progress.

(Continued From Page 1)

Ben F. Woolner will extend the greetings of the city administration.

OPENS WITH CABARET. The program will open with a cabaret show by George O'Connor, Norman Dent and Beth Lamar of a local coterie. Milton Schwartz and Max Horvitz will appear in special monologues and stunts have been arranged by George Mellon and James McIntyre. Alexander Stewart will present a number of musical selections and there will be professional acts from local vaudeville theaters. A buffet luncheon and smoker will conclude the evening.

Mayor Frank K. Mott will deliver the formal address of welcome to the bankers at the first business session tomorrow morning and the response will be made by William J. Teter, president of the Santa Cruz County National Bank.

President L. P. Behrens, cashier of the First National Bank of Redwood City, will read his annual address, after which the reports of officers and committees will be made.

A symposium on the federal reserve will follow in which many of the delegates will participate, including F. L. Looman and James K. Lynch of San Francisco, Stoddard Jesse of Los Angeles and George W. Peltier of Sacramento.

TEA FOR WOMEN. During the afternoon session the women of the party will be entertained at Piedmont Park with a tea and an exposition of the art treasures in the gallery.

In the evening the delegates and their ladies will be the guests of the local entertainment committee at a theater party.

Thursday afternoon an automobile ride about Oakland and its environs will show the visitors the unrivaled beauties of the east bay region.

A reception and ball in the Hotel Oakland will mark the evening of Thursday as a gala occasion and hundreds of invitations have been issued to local citizens. Friday will be devoted to an excursion on the bay, including a visit to the grounds of the Panama-Pacific Exposition.

EASTERNERS PRESENT. A number of prominent bankers from the east will attend the convention as guests and speakers on special topics. Among them are F. A. Crandall, vice-president of the National City Bank of Chicago, Frank D. Brundage, assistant manager of Knauth, Knauth & Kuhne, the international banking house, Colonel F. E. Farnsworth, general secretary of the American Bankers' Association, W. E. Purdy of the Chase National Bank of New York and John R. Washburn of the Continental and Commercial Bank of Chicago.

## MISSING BOY FOUND AT HOME OF FATHER

George Wilderman, an 11-year-old boy reported missing yesterday by his mother, was located today by the police at the home of his father.

George Wilderman, a brakeman, at 1223 Fifty-third street. According to the police report, which has been turned over to the Associated Charities for investigation, the boy has been allowed to roam in the streets since his mother and father were separated and has not attended school. An effort will be made to place the boy in a suitable home.

According to the police the mother

has been providing for the boy and his 6-year-old sister, Marjorie. The father was ordered by the court to support the boy and had placed him in the home of Mrs. George Ingraham, 1241 Fifty-third avenue, from which he fled.

## CONSUL'S CHILDREN PETITION IS FILED FOR NEW ELECTION

Chinese Official's Daughters Wander Day and Night, Hungry.

(Continued From Page 1)

They understood Japanese and told him who they were. He took them back to the house, where the police later received them and removed them to the police station, where Consul and Mrs. Shu later this morning, with tears and embraces, recovered the missing pair.

CHILDREN HUNGRY.

Though both little girls could speak Chinese and Japanese with equal fluency neither knew a word of English. They had lived in Northbrae just ten days and consequently were strange and afraid to approach any one whom they saw. As night approached yesterday they crept into the covert of the willows at the Codornices creek and there slept pillowed in each other's arms.

From night before last until this forenoon neither child had had a bite to eat, but their father and mother found them very glad to get back home and apparently not little harmed by their privations.

A three-hour search by the police of all the bay cities had failed to throw any light upon the mysterious disappearance until the children were found in the creek bed today.

The girls are Siao Gual, 13 years old, and Min Yen, aged 6. A son of Consul and Mrs. Shu is studying in Belgium. Only these two children accompanied him to this country, where he arrived May 1, to take office five days later.

The two girls slept in the room next that occupied by him and his wife. Yesterday morning he went to their room to find it empty. Their clothes they had worn the night before were also gone. Their bed had been slept in by them apparently during the night.

The break is attributed to a landslide.

## Walk in Mud When Auto Is Disabled

GRASS VALLEY, May 25.—Compelled to walk through the mud in their dainty Mary Janes for the greater part of the 12 miles, 22 young women of the local Christian Endeavor Society, who were stranded near the Kennedy ranch while en route in an auto truck to attend the joint meeting of the Nevada and Placer Christian Endeavor Societies, arrived in this city early Sunday morning, tired and weary, their shoes and habiliments begrimed with mud.

Near the Kennedy ranch the truck skidded and narrowly missed going over a deep embankment with the auto occupants. Some of the young women unable to make the trip back to this city, were obliged to take lodgings in the farm house all night.

quired to call the election when finally turned in.

This is verified by the figures submitted to the council this morning by County Clerk John P. Cook, who certified that at the last election where votes were cast for a governor, 18,712 votes were cast. This may, therefore, be the present petition to call an election must contain 2394 names, or 13 per cent of such vote as cast.

The petition, as filed this morning, reads as follows:

"We, the undersigned, qualified electors of Oakland, hereby request your honorable body to call, as soon as legal requirements may be complied with, an election to vote upon the proposition to incur an indebtedness of \$500,000, with interest thereon at 5 per cent per annum or less, for the construction, equipping, completion and furnishing of the Municipal Auditorium of the City of Oakland, now in course of construction, being the same proposition that was voted on at the special election held in the City of Oakland on May 19, 1914, said election to be held in accordance with the provisions of an act of the legislature of the State of California, entitled 'An Act authorizing the incurring of indebtedness by cities, towns, etc., for municipal improvements, and regulating the acquisition, construction and completion thereof,' in effect February 28, 1901, and acts amendatory thereof."

"This is quick work," declared Mayor Mott. "Much quicker than I had expected. There is nothing for the city to do but obey the law and call the election, if the names are found correct."

"If we will see that a representative vote is cast this time," declared King. "There will be enough precincts and we will try to arouse interest. It was another last time that did the damage. That showed from the way the people are getting these petitions signed up now."

3037 Telegraph avenue and went to live with her brother in Sacramento.

"It was all a mistake. I don't love you," was the frequent assertion of Mrs. Smilie to her husband, according to testimony in the case by Mrs. Mary A. Smilie. Although he showered his beautiful young bride with gifts, she did not appreciate them, telling him that while she appreciated gifts in general she did not from him.

While en route to California from Minneapolis, where the wedding had taken place on February 23, 1912, Smilie testified that his bride inflicted cruelty upon him by saying that she "had made a mistake," and that when she said she wanted to marry him she had spoken falsely.

During the brief time the couple lived together in the Smilie home on Telegraph avenue, the husband said his wife had left the floor of their apartment covered with trash and his photograph on the mantle face downward. His letters to her in Sacramento to were left unanswered, he said, and finally he consulted Attorney Schwartz and Powell, who filed his divorce suit, charging cruelty.

Smilie sought to transfer the action to Sacramento and neglected to protect her rights in Alameda county with the result that her husband obtained a default. This was subsequently set aside and her motion for change of venue denied.

Among the large holdings of the Smilie Estate Company was the Hotel Metropole and other valuable business properties in Oakland and Berkeley. Smilie is a graduate of the University of California.

## SPEAKER LAUDS KNOWLAND

Speech on Direct Elections Is Acclaimed

Foremost champion of the direct election of United States senators in the House of Representatives, is Joseph R. Knowland, representative from Alameda county.

Knowland uplifted his voice in support of this reform in debate in the lower house. His remarks were greeted with applause, and drew forth from a fellow member a tribute to Knowland as the future "great senator from California."

Knowland was talking to a bill in congress to provide a temporary method of nominating and electing United States senators. He said:

"Mr. Speaker, although my State has already enacted the necessary legislation, I am glad to support the pending bill. It is a bill which will provide a method of conducting the nomination and election of United States Senators in the interim between the regular sessions of the legislature. It is a bill which will provide for the nomination and election of Senators by the people of the State."

AN ARDENT ADVOCATE.

Mr. J. R. Knowland: "It has, both as to the general and primary principle, been a very much pleased to hear that because I understand the senior Senator from the State of California has announced that he will not be a candidate for re-election, and combined with that fact is an opportunity for the Golden State to elect a man who will become a great Senator from the State of California (applause) and whom I now address."

"We know that the gentleman from California (Mr. J. R. Knowland) in his ten years' service in this House has distinguished himself among his colleagues who admire and honor him as a faithful and forceful representative and wise law-maker. His ability, age, and experience peculiarly fit him for the high office which he seeks, and I know the Pacific coast State could make no better selection." (Applause.)

Mr. J. R. Knowland: "Would the gentleman like any more time?" (Laughter and applause.)

Mr. Speaker, I herewith insert the California law governing the election of United States Senators by the people:

LAW IN HIS STATE.

"Approved May 20, 1913: in effect August 10, 1913."

The people of the State of California do hereby amend the constitution of the State of California as follows:

"Sec. 1322. Elections for Senators in Congress for full terms must be held at the general election, at which members of the legislature are elected, next preceding the commencement of the term to be filled."

"Sec. 1323. Elections to fill a vacancy in the term of a United States Senator must be held at the general election or any special election held throughout the State next succeeding the occurrence of the vacancy."

"Sec. 1324. Four new sections are hereby added to the Political Code of the State of California, to read as follows:

"Sec. 1324. The clerk of each county, as soon as the statement of the vote of his county at such election is made out and entered on the records of the board of supervisors, must make a certified abstract of so much thereof as relates to the vote given for persons for Senators in Congress."

"Sec. 1325. The clerk must seal up the abstracts and deposit them in a box provided for the purpose, and transmit them to the Secretary of State."

"Sec. 1326. On the sixth day after the day of election, or as soon as the returns have been received from all of the counties of the State, he shall compare and estimate the votes given or cast for such persons for Senator and certify to the governor the person having the highest number of votes in the State as duly elected."

"Sec. 1327. The governor must, upon the receipt of such certificate, transmit to such person a certificate of his election, sealed with the great seal and attested by the secretary of State."

"Sec. 1328. An act entitled, 'An act providing for placing the names of candidates for United States Senator in Congress on the ballot at several elections, for counting, canvassing, and making returns of the votes, therefore, providing the method of notifying the legislature of the results of such election, and defining the duties of various officers in relation thereto,' approved April 19, 1911, is hereby repealed."

"Sec. 1329. An act entitled, 'An act providing for the election of United States Senator in Congress from section 2 of the direct primary law, which provides that the names of all persons nominated in the manner herein provided for State officers, and the names of all persons nominated in the manner herein provided for State officers, shall be placed on the official primary election ballots of their respective parties and shall be subject to the vote of the electors in the manner herein provided for State officers, and the names of all persons nominated in the manner herein provided for State officers, shall be placed on the official ballot under the heading 'United States Senators.'"

"Sec. 1330. The name of the person in each political party who receives at a primary election the highest number of votes in the State for United States Senator shall also be placed on the official ballot under the heading 'United States Senators.'"

"Sec. 1331. The name of the person in each political party who receives at a primary election the highest number of votes in the State for United States Senator shall also be placed on the official ballot under the heading 'United States Senators.'"

"Sec. 1332. The name of the person in each political party who receives at a primary election the highest number of votes in the State for United States Senator shall also be placed on the official ballot under the heading 'United States Senators.'"

"Sec. 1333. The name of the person in each political party who receives at a primary election the highest number of votes in the State for United States Senator shall also be placed on the official ballot under the heading 'United States Senators.'"

"Sec. 1334. The name of the person in each political party who receives at a primary election the highest number of votes in the State for United States Senator shall also be placed on the official ballot under the heading 'United States Senators.'"

"Sec. 1335. The name of the person in each political party who receives at a primary election the highest number of votes in the State for United States Senator shall also be placed on the official ballot under the heading 'United States Senators.'"

"Sec. 1336. The name of the person in each political party who receives at a primary election the highest number of votes in the State for United States Senator shall also be placed on the official ballot under the heading 'United States Senators.'"

## YUAN'S MINISTER PRAISES WILSON

"Hands Off" Policy Leaves America Free to Aid China, He Says.

NEW YORK, May 26.—A reception and dinner was given last night to Kai Fu Shah, first minister of the Chinese republic to the United States by the China Society of America, an organization which has as its object the promotion of friendly relations between the United States and China. President Wilson and President Yuan Shi Kai of China are honorary vice-presidents of that society.

A large number of Chinese students from universities throughout the country attended.

Minister Shah, in his address, outlined ways for mutual helpfulness in trade, finance and the exploitation of natural resources between China and the United States.

China's development is now beginning, Mr. Shah said. The indifference of American financiers to Chinese improvements he declared, arose from the fact that the American public did not understand the situation in China.

"The withdrawal of the American financiers from the Six Power group has left this country in a better position and with freer hands to assist China," said the minister, in approval of what he called the "hands off" policy which he added had found a most distinguished advocate in President Wilson.

## SCIENTIST SOLVES SECRET OF SERUM

French Discovery May Mean Conquest of Many Ob-scure Diseases.

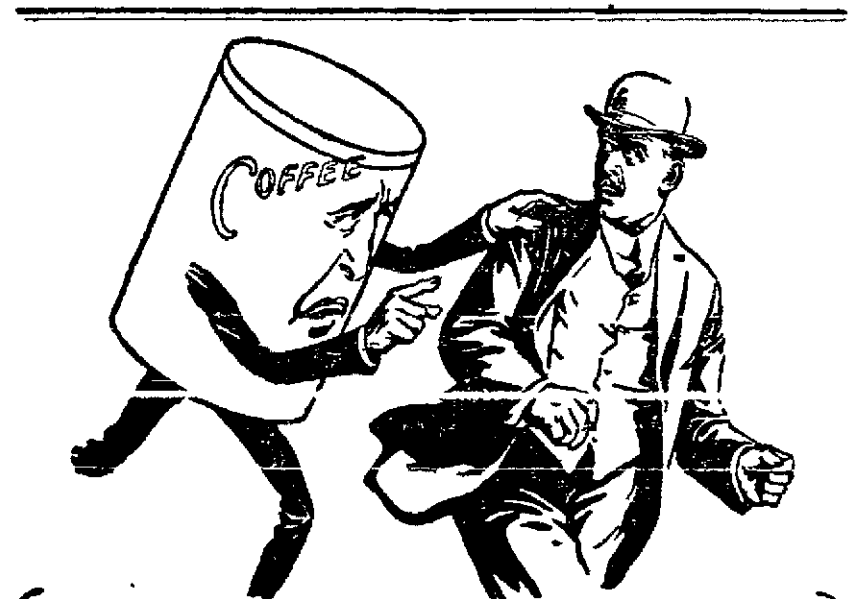

PARIS, May 26.—A discovery which, in the opinion of scientists, may lead to the preparation of serums conferring immunity from many of the contagious diseases, was communicated to the Academy of Sciences last night by Professor A. D. Arsonval, member of the institute and of the Academy of Medicine. It is the result of several years' experimentation by Dr. J. Tissot, of the Natural History Museum, on the constituents of serums.

For many years the unknown substance in serums, which has been named alexin, and which has been the property of destroying pathogenic germs or neutralizing their effects, has been the object of minute investigation, but its nature was never determined until Dr. Tissot succeeded in analyzing the substance and ascertaining the effect of each element contained in it.

The knowledge thus attained, it is believed, will make possible the preparation of more effective serums for use in diphtheria and tetanus, and will open the way for further research into immunity against other contagious diseases for the treatment of which no adequate serums have yet been devised.

MAJORITY INCREASED. STENDAL, Prussian Saxony, May 26.—The majority of one left in the Reichstag was increased yesterday by the victory of the National Liberal, Herr Nachhorst de Wente, in a bye-election.

## NEW NATOMAS PLAN IS MADE PUBLIC

Latest Device for Refinancing Firm Announced; Sloss in Control.

SACRAMENTO, May 26.—A cable to the Union from London says:

The new plan for the refinancing of the Natomas Consolidated of California, devised by H. C. Hoover, as intermediary, between the California and the London interests, has been adopted by the representatives of both sides. The plans will be submitted at an early date through an entirely independent committee, representing a large majority of the security holders.

The new plan is much more favorable to the Natomas interests than that proposed and practically adopted last December. The new scheme provides for the creation of a new California company under the control of San Francisco bankers and the Sloss family, instead of an English company, as was the plan to which the California interests agreed last year.

The holders of the first mortgage bonds of the Natomas Consolidated will retain, in part, their position as first mortgage bondholders in the new company. They will be allowed to exchange their present holdings for first mortgage 6 per cent bonds and preferred stock in the new corporation to be formed on a percentage not yet definitely determined.

For the refinancing of the project \$3,000,000 5 per cent notes have been created, secured by first mortgage bonds of the new company and district reclamation bonds, the collateral in all amounting to \$4,500,000. A London syndicate has subscribed for these notes and with the ratification of the plan the money will be provided for the completion of the reclamation.

A new English company is to be created here to hold the common stock of the new American company, in which the holders of second mortgage bonds in the Natomas Consolidated of California will receive some stock in addition to the small proportion of preferred stock which will be given them in the new American corporation. The common stockholders in the Natomas Consolidated of California will receive about 10 per cent on their par holdings in the common stock of the English company. The directors of the English company will have the right during the reclamation period to pay the interests on the first mortgage bonds in the new company with scrip convertible into bonds.

CITY PLANNING MEET IS HELD IN TORONTO.

TORONTO, Ont., May 26.—The national conference on city planning was opened yesterday by the Duke of Connaught with nearly 300 delegates in attendance from

England. Plans proposed for the improvement of many municipalities were on exhibition.

Addressing the conference the Duke of Connaught alluded to evil conditions in slum sections in European cities and said it would be nothing short of national duty to allow similar conditions to obtain in Canada. The constant influx of immigrants, he declared, permitted of no delay, in considering this problem.

## WIFE IS SEEKING MISSING SPOUSE

Pasadena Man Is Gone; Circumstances Are Mysterious.

SAN FRANCISCO, May 27.—For the last week the police of San Francisco have been searching for some trace of Charles Christian, recently of Pasadena, who disappeared under mysterious circumstances from the Manx Hotel on the afternoon of May 19.

In the meantime his beautiful young wife is on the verge of prostration, having spent all her time since her husband's absence in a single-handed search. She reported to the police that her husband was missing last Thursday and since then has been a daily visitor at the Central station to ascertain if any clue to his whereabouts had developed.

According to Mrs. Christian's statement, her husband had with him when he left her last Tuesday afternoon her 1000 diamond ring, her gold watch, and about \$175. She had given him the watch and ring during their journey here, and it was not unusual, she says, that he had them when he went away.

He also took from their room a suit of clothes which he explained he was going to have pressed. He said he would return at 5 o'clock. No word from him has been received since. Mrs. Christian was left with only 6 cents and their hotel bill is unpaid.

Upon their arrival at the Manx on May 11, Christian registered as A. W. Burton and wife. Mrs. Christian said last night she could not understand why he had used the alias. He had never been in trouble before, she says, and she trusted him implicitly.

Christian, according to his wife, is of Scotch descent, has spent many years in South Africa and British Columbia, and has owned ranches at Fresno and near Los Angeles. She says he had a large annual income from a Scotch estate. Until recently they lived in Pasadena, where Christian worked on an orange plantation.

Mrs. Christian does not know until her marriage four years ago Miss Olive Overman of Pasadena. Her father is in the oil business at Maricopa. Christian is 43 and she is about 22.

\$1,000,000 A DAY IS COST OF BRICKMAKERS' STRIKE

CHICAGO, May 26.—A strike of brick makers in Chicago has cost the construction, real estate and labor interests approximately \$1,000,000 a day for the 33 days it has been in progress, according to the estimates of building experts today. The brunt of the loss is borne by the workmen. There are 150,000 skilled construction men losing \$600,000 in wages, the estimate stated, contractors are losing \$100,000 a day and brick manufacturers \$170,000.

## U. S. GRAND JURY IS AFTER M'CARN

Assault Charge Against the Hawaiian District Attorney Awaits Investigator.

HONOLULU, H. I., May 26.—A charge of assault with a deadly weapon preferred against United States District Attorney Jeff M'Carn was made yesterday in the district court here.

The action taken by the court was responsive to the receipt of information that the case is to be taken before the federal grand jury and that the investigation will be conducted by a government officer en route to Honolulu. The court was filled to overflowing. None of the principals were present.

Bad blood engendered between M'Carn and Claudius McBride, an attorney of Hilo representing the opposite side in an action before the federal court, resulted on May 5 in an encounter on which the charge against the district attorney is based.

GUN PLAY RESULTS.

After a day of heated bickering, M'Carn and McBride met in the hallway of the federal building outside the marshal's office. A few hot words passed between the lawyers; then M'Carn is said to have applied an epithet to McBride. The Hilo attorney replied with a blow, which M'Carn returned, and McBride closed in on him.

As the lawyers struggled on the floor Henry Hunsman, a part Hawaiian youth, went to McBride's rescue and seized the revolver. When he succeeded in wrenching it from M'Carn's grasp the trigger came down on the flesh between the thumb and forefinger, causing a painful wound. McBride swore out a warrant for M'Carn's arrest. The incident caused a sensation here.

## VERA CRUZ HAVEN FOR THE ASSASSIN

Subterranean Passages Connect Houses in Every Street of City.

VERA CRUZ, Mexico, May 26.—That the heart of Vera Cruz is a veritable honeycomb has just been discovered by the American forces occupying the city. Subterranean passages have been discovered connecting nearly all the buildings with several squares of the plaza. The bluejackets under Admiral Fletcher discovered on the first day that the passages were everywhere.

so connected that snipers might be a considerable distance away from the spot from which shots were fired by the time the sailor boys entered the house.

The discovery of the underground passages supplementing the inter-roof communications explained why the men from the ships were unable to capture the snipers who fired on them. During the two days of actual fighting and the several days of desultory sniping thereafter, the bluejackets and marines were frequently mystified by the complete disappearance of the men they knew fired on them, or else the sudden appearance of the men in some other house, unarmed, no weapons to be found and smiling in friendly fashion, meanwhile uttering whole volleys of "amigos."

Early in the game it was discovered that there were unnumbered passages from roof to roof, by which the Mexicans could scurry away when their sniping point of vantage was discovered. Frequently, when the Americans discovered a roof from which shots were being fired, they could storm the house and search it. Either they would find the snipers utterly deserted or they would find the householder on the ground floor, not a gun in sight. The discovery of the tunnels today shed a great deal of light on the escape of the snipers and the failure of the Americans to get them "with the goods." It is now obvious that once the Mexicans knew their places of concealment were discovered, they scuttled away over the roofs and through

the streets.

Frequently, when the Americans discovered a roof from which shots were being fired, they could storm the house and search it. Either they would find the snipers utterly deserted or they would find the householder on the ground floor, not a gun in sight. The discovery of the tunnels today shed a great deal of light on the escape of the snipers and the failure of the Americans to get them "with the goods." It is now obvious that once the Mexicans knew their places of concealment were discovered, they scuttled away over the roofs and through

the streets.

Early in the game it was discovered that there were unnumbered passages from roof to roof, by which the Mexicans could scurry away when their sniping point of vantage was discovered. Frequently, when the Americans discovered a roof from which shots were being fired, they could storm the house and search it. Either they would find the sn

That the description of the zones, as drafted in yesterday's filing of the ordinance, is fairly was reported by a note from the city engineer's office.

**REBUKES WALKER.**

"Mr. Mayor!" shouted Willer Walker, "just a minute!" said the mayor. "Just let me get in a word edgewise!"

Walker then told the city Attorney Beardsley, and Perry F. Brown, City Engineer, then discussed boundaries on the map filed by Brown.

"I am sorry to interrupt you," said Walker, "and so went it. We have not seen the ordinance at all yet."

"Oh, well, the mayor has, and that ought to be all right," said the engineer. "We residents are protesting for the sake of mercy."

Meeting of the Progress and Preservation Association. The directors of the Chamber of Commerce in their efforts to secure a second bond issue for the completion of the municipal auditorium, the board of directors of that organization this morning appointed a special committee of three to draft resolutions on the matter. The subject was not discussed as to whether the directors should adopt the identical resolutions passed by the committee last night or frame independent ones. It was finally decided to adopt the latter course and President A. Jonas appointed W. E. Gibson, George W. Hatch and Theodore Gier to draw up the document.

Meeting immediately after the adjournment of the chamber of commerce committee prepared the following resolutions, which will be formally adopted at the next meeting:

The one which she should most zealously guard, is her health, but it is the one most often neglected, until some ailment peculiar to her sex has fastened itself upon her. When so affected such women may rely upon Lydia E. Pinkham's Vegetable Compound, a medicine that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

RICHMOND, May 26.—St. Mark's church building, which was recently badly damaged by fire will be rebuilt into one of the most attractive places of worship in Richmond. The announcement was made last evening by Right Reverend Bishop Hanna following a conference with the members of the church congregation in the auditorium of the Lincoln school.

The plan outlined is to use the front portion of the church, which was not damaged by fire, and to rebuild the remainder of the building, extending it to the rear of the property, to the rear of the auditorium which is badly needed. The front will be rebuilt and made very attractive while the entire building will be given a coat of plaster and reconstructed in the mission type of architecture.

The meeting was followed by a voluntary donation and a large sum was received. About 200 people were present. Father Keane of St. Francis De Sales church, Oakland, Father Quinn of St. Francisco and Father Collins of St. Francisco occupied seats on the stage. John F. Galvin, president of the Richmond Catholic Club, called the meeting to order, introducing Bishop Hanna.

**NO IMMUNITY.**

Ledyard was handed a letter, written by McChord under today's date, saying in part:

"It is quite true you were served with a subpoena some weeks ago and the decision at that time was to place you on the stand."

Since then, however, developments have been such that the Commission "is not prepared to issue a subpoena heretofore served on you, and you may take this letter as 'cancellation of subpoena.'" Ledyard told McChord to appear voluntarily, waiving all immunity by the testimony you may give. You may so advise the Commission and the question of our being a witness will then be determined."

# TECHNICAL HIGH SCHOOL SUGGESTED

RICHMOND, May 25.—That Richmond needs a "technical" high school, where the young men and boys employed in the great industrial plants may be encouraged to complete their education was the sentiment voiced by Dr. J. B. Garrison Parker of Mill Valley, who recently completed, under the supervision of the state, a study of the housing conditions in Richmond.

Richmond has first class public schools; your housing conditions for labor are far above the average in most cities of the country. The environment of the men who work is generally good. The city needs, however, parks and playgrounds and a public bath house. It has far too many saloons, the city needs a bath house.

Parker paid a tribute to the efficiency of the inspection and enforcement of the sanitary laws of the city by Dr. Charles B. Hoyle, city health commissioner.

At 10:30 a. m., building contractor residing at 701 Hillside, was awakened by a loud noise. He awoke about 11 o'clock on awakening and finding his wife dead in an adjoining bedroom. Watson was awakened from his sleep by some noise which he is unable to explain unless that his wife called to him in her death struggle.

He hurried into the adjoining room to find his wife dead. Mrs. Watson had been a victim of paratuberculosis for several weeks, but was unusually well yesterday. In addition to her husband she leaves the following children: Mrs. Margaret Barrett and Mrs. John Welch, both of San Francisco. Mrs. May Simpson of Washington and a son, William Travers Watson, who is in charge of the funeral will be the survivors.

RICHMOND, May 25.—A new city ordinance, which will permit dancing only indoors, and at certain times, has been introduced into the city council and is favored by the board.

It was introduced by Councilman G. L. Harrison, who said he had seen the abuse of the Sunday night dances at one of the local halls.

The ordinance further provides that no intoxicating liquor shall be sold within any park or playground while a dance is in progress.

PHILADELPHIA, May 26.—William Jennings Bryan, Secretary of State, delivered an address on "Religion's Place in Life," last night at the University City Y. M. C. A. hall.

Bryan said that religion is the basis of all civilization, and that it is the duty of every citizen to support it. He said that religion is the foundation upon which we build our lives, and that without it we are lost.

Bryan said that religion is the source of all true knowledge, and that it is the power that gives us strength and courage. He said that religion is the light that guides us through the darkness of life, and that it is the love that binds us together as brothers and sisters.

Bryan said that religion is the greatest blessing that God has given to man, and that it is the only way to find peace and happiness. He said that religion is the key to the door of heaven, and that it is the only way to escape the punishment of hell.

Bryan said that religion is the best defense against the enemy of sin, and that it is the only way to win the victory over temptation. He said that religion is the armor that protects us from the attacks of Satan, and that it is the shield that saves us from his evil designs.

Bryan said that religion is the fuel that keeps the fire of faith burning brightly, and that it is the oil that lubricates the wheels of good works. He said that religion is the seed that produces the fruit of righteousness, and that it is the root that anchors us firmly in the soil of truth.

Bryan said that religion is the crown that crowns the head of the king of kings, and that it is the scepter that rules the world with justice and mercy. He said that religion is the banner that waves before the armies of heaven, and that it is the standard that leads us to the gates of glory.

Bryan said that religion is the treasure that fills the heart with joy and gladness, and that it is the wealth that cannot be stolen or lost. He said that religion is the inheritance that awaits us in the kingdom of God, and that it is the prize that motivates us to live righteously.

Bryan said that religion is the power that transforms the weak into the strong, and that it is the grace that enables us to overcome all our weaknesses. He said that religion is the love that draws us closer to God, and that it is the hope that sustains us in the face of adversity.

Bryan said that religion is the light that dispels the darkness of ignorance, and that it is the wisdom that teaches us how to live. He said that religion is the peace that surpasses all understanding, and that it is the joy that fills the soul with contentment.

Bryan said that religion is the best thing in the world, and that it is the only thing worth living for. He said that religion is the greatest gift that God has ever given to man, and that it is the only way to find the meaning and purpose of life.

Bryan said that religion is the foundation of our society, and that it is the glue that holds us together. He said that religion is the source of our moral values, and that it is the compass that guides us in our daily lives.

Bryan said that religion is the power that changes the world, and that it is the force that brings about the Kingdom of God on earth. He said that religion is the light that shines in the darkness, and that it is the hope that gives us the courage to face the future.

Bryan said that religion is the best thing we can do for ourselves and for others, and that it is the only way to make a difference in the world. He said that religion is the greatest responsibility that God has placed upon our shoulders, and that it is the only way to fulfill our duty to Him and to our fellow men.

Bryan said that religion is the power that makes us better people, and that it is the force that drives us to seek perfection. He said that religion is the light that shows us the path to holiness, and that it is the hope that gives us the confidence to follow it.

Bryan said that religion is the best thing in the universe, and that it is the only thing that matters in the end. He said that religion is the greatest mystery that God has ever revealed to man, and that it is the only way to understand His infinite love and mercy.

Bryan said that religion is the power that makes us free, and that it is the force that liberates us from all bondage. He said that religion is the light that shows us the way to freedom, and that it is the hope that gives us the strength to walk in it.

Bryan said that religion is the best thing that God has ever created, and that it is the only thing that will last forever. He said that religion is the greatest treasure that God has ever hidden from the eyes of men, and that it is the only way to find the secret of eternal life.

Bryan said that religion is the power that makes us holy, and that it is the force that sanctifies us. He said that religion is the light that shows us the way to holiness, and that it is the hope that gives us the desire to pursue it.

Bryan said that religion is the best thing that God has ever sent into the world, and that it is the only thing that can save us from sin. He said that religion is the greatest gift that God has ever bestowed upon us, and that it is the only way to receive His forgiveness and pardon.

Bryan said that religion is the power that makes us righteous, and that it is the force that justifies us. He said that religion is the light that shows us the way to righteousness, and that it is the hope that gives us the assurance of God's favor and blessing.

Bryan said that religion is the best thing that God has ever promised to give to us, and that it is the only thing that will bring us the fullness of His love and grace. He said that religion is the greatest promise that God has ever made to man, and that it is the only way to experience His presence and power.

Bryan said that religion is the power that makes us faithful, and that it is the force that keeps us loyal to God. He said that religion is the light that shows us the way to faithfulness, and that it is the hope that gives us the confidence to stand firm in our beliefs.

Bryan said that religion is the best thing that God has ever commanded us to do, and that it is the only thing that will bring us the reward of eternal life. He said that religion is the greatest commandment that God has ever given to us, and that it is the only way to obey His will and glorify Him.

Bryan said that religion is the power that makes us obedient, and that it is the force that submits us to God. He said that religion is the light that shows us the way to obedience, and that it is the hope that gives us the strength to resist the temptations of the world and the flesh.

Bryan said that religion is the best thing that God has ever required of us, and that it is the only thing that will bring us the approval of His Father in heaven. He said that religion is the greatest requirement that God has ever placed upon us, and that it is the only way to please Him and inherit His kingdom.

Bryan said that religion is the power that makes us devoted, and that it is the force that dedicates us to God. He said that religion is the light that shows us the way to devotion, and that it is the hope that gives us the strength to surrender ourselves completely to Him.

Bryan said that religion is the best thing that God has ever asked of us, and that it is the only thing that will bring us the fulfillment of our hearts' desires. He said that religion is the greatest request that God has ever made of us, and that it is the only way to satisfy our souls and find rest for our minds.

Bryan said that religion is the power that makes us zealous, and that it is the force that kindles the fire of passion for God. He said that religion is the light that shows us the way to zealotry, and that it is the hope that gives us the strength to fight the good fight with courage and valor.

Bryan said that religion is the best thing that God has ever inspired in us, and that it is the only thing that will bring us the triumph of the Holy Spirit. He said that religion is the greatest inspiration that God has ever given to us, and that it is the only way to walk in the power of the Spirit and bear witness to His glory.

Bryan said that religion is the power that makes us victorious, and that it is the force that conquers all our enemies. He said that religion is the light that shows us the way to victory, and that it is the hope that gives us the strength to overcome all our trials and tribulations.

Bryan said that religion is the best thing that God has ever granted to us, and that it is the only thing that will bring us the glory of His name. He said that religion is the greatest grant that God has ever made to us, and that it is the only way to honor Him and bring praise to His Father in heaven.

Bryan said that religion is the power that makes us glorious, and that it is the force that manifests the beauty of His grace. He said that religion is the light that shows us the way to glory, and that it is the hope that gives us the strength to shine like stars in the world.

Bryan said that religion is the best thing that God has ever shown to us, and that it is the only thing that will bring us the revelation of His secrets. He said that religion is the greatest showing that God has ever given to us, and that it is the only way to know Him as He truly is.

Bryan said that religion is the power that makes us wise, and that it is the force that enlightens our minds. He said that religion is the light that shows us the way to wisdom, and that it is the hope that gives us the strength to discern the truth from error.

Bryan said that religion is the best thing that God has ever taught us, and that it is the only thing that will bring us the knowledge of His will. He said that religion is the greatest teaching that God has ever given to us, and that it is the only way to understand His mind and follow His plan.

Bryan said that religion is the power that makes us strong, and that it is the force that builds up our character. He said that religion is the light that shows us the way to strength, and that it is the hope that gives us the strength to endure all our hardships and sufferings.

Bryan said that religion is the best thing that God has ever done for us, and that it is the only thing that will bring us the redemption of our bodies. He said that religion is the greatest deed that God has ever performed for us, and that it is the only way to be saved from all unrighteousness and brought into the family of God.

Bryan said that religion is the power that makes us pure, and that it is the force that cleanses our hearts. He said that religion is the light that shows us the way to purity, and that it is the hope that gives us the strength to keep our hearts clean and free from all defilement.

Bryan said that religion is the best thing that God has ever forgiven us, and that it is the only thing that will bring us the remission of our sins. He said that religion is the greatest forgiveness that God has ever shown to us, and that it is the only way to be reconciled to Him and restored to fellowship with Him.

Bryan said that religion is the power that makes us merciful, and that it is the force that softens our hearts. He said that religion is the light that shows us the way to mercy, and that it is the hope that gives us the strength to show kindness and compassion to all men.

Bryan said that religion is the best thing that God has ever loved us, and that it is the only thing that will bring us the adoption as sons and daughters of God. He said that religion is the greatest love that God has ever shown to us, and that it is the only way to become part of His family and share in His inheritance.

Bryan said that religion is the power that makes us beloved, and that it is the force that wins the affection of God. He said that religion is the light that shows us the way to being loved, and that it is the hope that gives us the strength to abide in His love and never separate from Him.

Bryan said that religion is the best thing that God has ever chosen for us, and that it is the only thing that will bring us the election to eternal life. He said that religion is the greatest choice that God has ever made for us, and that it is the only way to be predestinated to glory and honor.

Bryan said that religion is the power that makes us chosen, and that it is the force that sets us apart from the world. He said that religion is the light that shows us the way to being chosen, and that it is the hope that gives us the strength to remain faithful to God in the midst of a wicked world.

Bryan said that religion is the best thing that God has ever called us to, and that it is the only thing that will bring us the justification of our faith. He said that religion is the greatest calling that God has ever made to us, and that it is the only way to be declared righteous and acquitted of all our sins.

Bryan said that religion is the power that makes us justified, and that it is the force that declares us innocent. He said that religion is the light that shows us the way to justification, and that it is the hope that gives us the strength to stand before God with a clear conscience.

Bryan said that religion is the best thing that God has ever saved us from, and that it is the only thing that will bring us the redemption of our souls. He said that religion is the greatest saving that God has ever performed for us, and that it is the only way to be rescued from all iniquity and brought into the kingdom of His Father.

Bryan said that religion is the power that makes us redeemed, and that it is the force that purifies our souls. He said that religion is the light that shows us the way to redemption, and that it is the hope that gives us the strength to keep our souls pure and undefiled.

Bryan said that religion is the best thing that God has ever glorified in us, and that it is the only thing that will bring us the manifestation of His glory. He said that religion is the greatest glorification that God has ever shown to us, and that it is the only way to be made known to all men and bring forth the praises of His Father.

Bryan said that religion is the power that makes us glorified, and that it is the force that reveals the greatness of His power. He said that religion is the light that shows us the way to glorification, and that it is the hope that gives us the strength to manifest the glory of God in our lives.

Bryan said that religion is the best thing that God has ever honored in us, and that it is the only thing that will bring us the exaltation of our names. He said that religion is the greatest honoring that God has ever done for us, and that it is the only way to be named above all names and praised by all creatures.

Bryan said that religion is the power that makes us honored, and that it is the force that elevates our status. He said that religion is the light that shows us the way to honor, and that it is the hope that gives us the strength to stand in the presence of God and receive His commendation.

Bryan said that religion is the best thing that God has ever blessed us with, and that it is the only thing that will bring us the increase of His gifts. He said that religion is the greatest blessing that God has ever bestowed upon us, and that it is the only way to be filled with His grace and abound in His goodness.

Bryan said that religion is the power that makes us blessed, and that it is the force that multiplies our blessings. He said that religion is the light that shows us the way to blessing, and that it is the hope that gives us the strength to receive all the promises of God and enjoy them fully.

Bryan said that religion is the best thing that God has ever prospered us with, and that it is the only thing that will bring us the success of our endeavors. He said that religion is the greatest prosperity that God has ever granted to us, and that it is the only way to be fruitful in all our works and achieve our goals.

Bryan said that religion is the power that makes us prosperous, and that it is the force that opens the doors of opportunity. He said that religion is the light that shows us the way to prosperity, and that it is the hope that gives us the strength to seize every chance that comes our way.

Bryan said that religion is the best thing that God has ever advanced us in, and that it is the only thing that will bring us the promotion of our careers. He said that religion is the greatest advancement that God has ever made for us, and that it is the only way to rise above the crowd and attain the highest positions of authority.

Bryan said that religion is the power that makes us advanced, and that it is the force that propels us forward. He said that religion is the light that shows us the way to advancement, and that it is the hope that gives us the strength to persevere in the face of opposition and reach our destination.

## TRIP TO THE POLE, MEMBERSHIP PLAN

Hayward Epworth Leaguers Have Unique Scheme for Adding to Roll.

HAYWARD, May 26.—"Captain Peary's North Pole Expedition," headed by Hayward Epworth Leaguers and which set out from Hayward four months ago at the same time "Captain Cook's party" set out has almost reached its goal. The Cook expedition, however, is striving to get there first. The penalty of coming in second is the serving of afternoon tea to the winners at "the pole," and both "Peary" and "Cook" wish to escape this humiliation.

The race for the north pole is a novel idea adopted by the Hayward Epworth League to gain members. The league is divided into two "expeditions," one headed by Miss Agnes Nelson as Captain and the other by Mrs. J. H. Cook as Captain.

Stocks in members count for miles on the journey to the pole and the side which brings in the most members will figuratively speaking, have penetrated thousands of miles into the icy north, where they will be refreshed by a spread served by the losers.

So far Captain Peary's side is in the lead with Captain Cook close behind. The successful expedition will reach "the pole" early in June.

## CATTLE PRICES ON FARMS RISE

Hogs and Sheep Quoted at Lower Figures; Says Department.

WASHINGTON, May 26.—Farm prices for beef cattle advanced more than three per cent, but average quotations for hogs and sheep were lower on April 15 than on that date in 1913, figures prepared by the department of agriculture stated today. Cattle prices last month were \$6.29 a hundred, an advance of 21 cents. However, in Michigan, Iowa, Missouri and Kansas there was no change in cattle prices from 1913 quotations, and in Wisconsin there was a decrease of 30 cents a hundred pounds.

State averages of prices for beef cattle showed greater variation than hog quotations. Last month's lowest average was \$4.30, compared with \$3.50, respectively, compared with \$3.50 in Rhode Island, \$7.60 in New Hampshire and \$7.50 in New Jersey, the highest.

Other state averages were: Pennsylvania, \$4.40; Maryland, \$7.20; Ohio and Kansas, \$7.10; Maine, Indiana, Illinois, Nebraska, \$7.00; Massachusetts, Missouri, Wyoming, Colorado, \$6.90; Nevada, Washington, California, \$6.80; Oregon, \$6.70; Utah, \$6.60; New Mexico and Idaho, \$6.50; Delaware, Michigan, Kentucky, \$7.45; Virginia and Montana, \$6.20; Arizona, \$6.20; Oklahoma and Utah, \$6.10; Minnesota, \$6.00. In other states the prices averaged below \$5.

The average hog prices to producers on April 15 was \$7.30 a hundred, 14 cents less than that on that date last year. In all the important hog producing states from Ohio to Kansas the decline was from 30 to 40 cents, but in some of the New England states and in practically all the south except Texas and Oklahoma, the prices were higher than a year ago. The lowest state average was \$6.10 in Florida and the highest, \$8.50 in Rhode Island and Connecticut.

The average farm price for sheep was \$4.36, compared with \$5.16 a year ago.

The veal calf average was \$7.68. On April 15, 1913, it was \$7.38.

## VALLEJO'S NAVAL BOARD TO PROBE BIG FIRE

Officers to Determine Causes of Blaze in Much Used Machinery.

MARE ISLAND, May 26.—A naval board, consisting of Lieutenant-Commander M. G. Cook, U. S. N., president, Naval Constructor H. Van Keuren, U. S. N., Lieutenant C. R. Smith, U. S. N., and Lieutenant I. H. Mayfield, U. S. N., a recorder has been named to investigate the cause of the fire that damaged the cantilever crane at the local naval station early Sunday morning.

According to the officers the crane was burning at the time the fire broke out Sunday night.

The fire protected the rods which supported the cantilever crane from the blaze and on investigation today it was found that the paint on the rods was not even scorched.

It will not be necessary to lay off any of the hull department mechanics as a result of the fire but instead more men will be needed to rush the construction of the big tanker Kanawha. This afternoon 30 cranes were erected on the Kanawha and by means of booms and blocks of the cantilever crane all of the needed material can be hoisted.

The big cruiser St. Louis will arrive at Mare Island Thursday to remain at least two weeks undergoing repairs and while the big war ship is in dock No. 2 she will have her new fourteen 6-inch guns installed.

The job of laying off the plates for the two steel coal barges was commenced on the navy yard this morning as scheduled by the hull department mechanics. The keels will be laid on or about June 15 and the barges will be completed by July 1, according to the present plans.

A Western Pacific barge with a quantity of boiler material on board arrived at the yard this afternoon in tow of a tug. The material will be removed from the barge by the yards and docks department cranes.

The navy collier Saturne arrived at the California City coaling depot in the lower bay this afternoon. Two officers and thirty-two enlisted men were transferred to the yard craft and will arrive at the local naval station this evening.

Captain of the Yard Crosse, U. S. N., and board, will not return to the yard until tomorrow, as plans to be decided today from San Pedro.

Authority was received at Mare Island today that the local naval station will be closed for business and that the local naval station will be closed for business and that the local naval station will be closed for business.

## Long Distance Telephone Service

"Two-Number" "Particular Person"

THE closely allied business and social interests of the Bay Cities, including Sacramento, Stockton and San Jose, have made possible a rapid toll service, known as

### "Two Number" Service

To make a "two-number" call, ask your operator for the desired number, preceded by the name of the city; for example, Sacramento, Main 123. Remain at the telephone with the receiver at the ear until the number called for answers, or the operator reports in the same manner as on a call for a local number. The service is called "two-number" because calls are made by number instead of by name. A charge is made when the number is obtained.

### "Particular Person" Service

To make a "particular person" call, ask for "Long Distance" and give the details of your call in the usual manner. The charge commences when the conversation begins. The rates for both services to the following points are here-with quoted:

### From Oakland to—

## PORTUGUESE WILL HOLD BIG FETE

Will Gather at Hanford for Pentecost Celebration; Plans Ready.

Hanford, May 26.—From all parts of the San Joaquin valley members of the great Portuguese order, Ideia, will gather with their families at Hanford, Cal., for the celebration of Pentecost, Sunday, beginning Saturday, May 30, and closing Monday night, June 1.

Menlo Park, May 26.—John St. Clair, who has an international reputation as an orchid grower, arrived here from England to take charge of the famous Grand gardens of Joseph E. Corvill.

Fresno, May 26.—Dr. Henry St. George Hopkins, 40 years, who had been a physician of Fresno county for the past 10 years, died here yesterday after a brief illness. He was in active practice until three days ago.

Sacramento, May 26.—According to the Rev. Mr. E. Grant Talbot, secretary of the United Federation, this city's tenderloin district was not wiped out of existence with the closing of the concentration camp more than a year ago. He said the camp had been a success in the matter of having thousands claimants sign up for the retraining improvement project.

Long Beach, May 26.—Wounded in the fighting tentacles of a jellyfish during a 20-minute fight for life, the fate of Captain A. H. Mason in a small launch fourteen miles off Long Beach, when he was fighting for his life, while pulling up his arms he was seized by the tentacles of the 15-foot devilfish that had become entangled in the lines.

Sacramento, May 26.—Instead of a five-story building as planned some time ago the Chamber of Commerce proposes to build an eight-story structure on the Seventh street property. The sub-committee on rentals of the chamber and the Retail Merchants Association reported yesterday that an eight-story building would better pay for itself than the smaller one.

Woodland, May 26.—A Coast-wide scheme for enlarging the business of the Globe Grain and Milling company came to light here yesterday when it became known that the entire stock of the Woodland Grain and Milling Company, incorporated at \$100,000, has been transferred to the Globe company.

Hanford, May 26.—Beratse, their father, Mirza, Post editor of the Los Angeles Republican, left them but \$1 each and bequeathed to his pretty stenographer, Miss Carrie Aron, the remainder of his estate valued at \$10,000. Mrs. Hazel Scurri, a daughter, and Claude and Claude Ross, twin sons, are contesting the will in a hearing today in the Kings county Superior court.

## BOSTON BUSINESS MEN LEAVE FOR BIG MEETING

BOSTON, May 26.—Forty or more delegates to the sixth international conference of chambers of commerce to be held in Paris beginning June 3, sailed from Boston today on board the steamship Lancia. A dozen or more representatives of the American business community were among the delegates. The remainder came from all sections of the United States.

A feature of the trip over will be numerous informal preliminary meetings on ship-board at which the American delegates will outline a plan of co-operation in presenting the various topics assigned to them. The party will spend a few days in Great Britain as guests of the British chambers of commerce.

The trip was extended at the request of the British chambers of commerce in London. Following the congress a tour will be made of France and Switzerland.

## POLICE EASILY DETECT SIX-FINGER SUSPECT

LOS ANGELES, May 26.—Having six fingers on his right hand proved the main evidence against James G. Morris, a negro, who was held for a few days in the county jail yesterday.

He is accused by a local haberdashery of passing a check for \$15, purporting to bear the signature of Mrs. Annie Baldwin McClaughry, which proved to be fictitious.

The clerk who cashed the check remembered that his customer possessed an extra digit on his right hand, and furnished with this description the police soon apprehended Morris.

## CONTRACT IS LET FOR VALLEJO BULKHEAD

VALLEJO, May 26.—The Healy-Tibbitts Construction Company of San Francisco this morning awarded the contract for constructing the long municipal bulkhead between North and South Vallejo, its bid of \$45,700 for doing the work being accepted by the city council. Bids for this work were opened several weeks ago, but the award of the contract was delayed until further progress was made in the matter of having tidelands claimants sign up for the retraining improvement project.

PLAN BIG FIESTA. VALLEJO, May 26.—The members of the S. C. D. E. S. have issued hundreds of invitations to the Festival of the Holy Ghost which is to open next Saturday evening with a grand ball to be given in the new hall recently completed in Colusa street, a few blocks north of the Crocker-Huffman grounds.

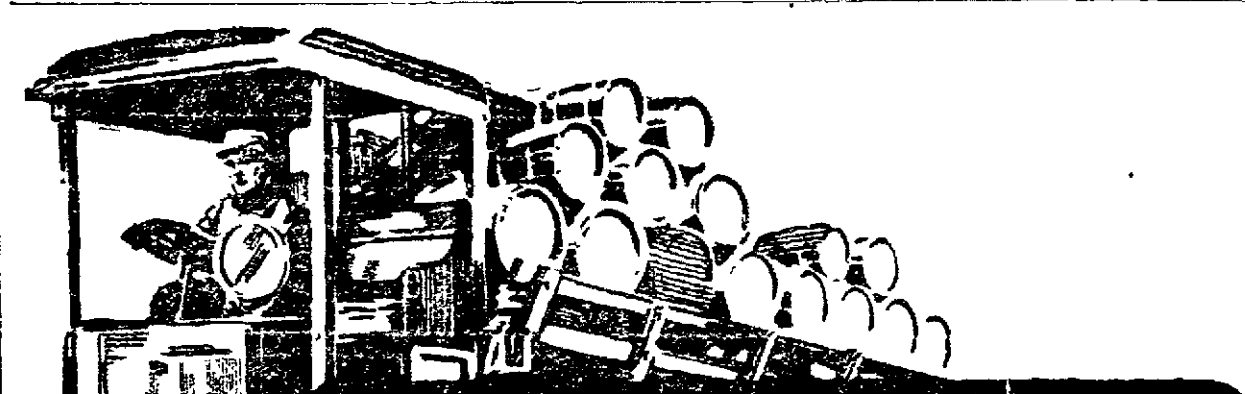

INVESTIGATE SWINDLE. VALLEJO, May 26.—Posing as a sailor on the S. S. Interoceanic and pretending to be a blank, a swindler succeeded in fleecing a Los Angeles bank out of \$25. A report was made to the yard today and Paymaster Westlake is investigating.

### DIES IN STREET.

## HILL CLUB ENDS YEAR'S PROGRAM

### Chicago Biennial Interests Women

(By BETTY MARTIN.)

Teeming with interest was the closing session of the Hill Club, held yesterday afternoon at the residence of Mrs. C. A. Black on El Dorado street. First on the program were two original poems by Mrs. Ella Howard Hughes, after which Mrs. J. M. Jolly sang "Spring Morning" and "What the Roses Say." Miss J. F. Kinnel gave an interesting and entertaining review of the inside of the Cup. Mrs. David Spencer contributed a clever and amusing original monologue entitled "Our Lenten Sacrifices" and Mrs. Jolly again sang, her second selection being "When Ceila Sings" and Mrs. Garthwaite playing the accompaniment.

The election of officers to serve during the year of 1915 resulted in the following: For president, Mrs. Hendetta Farran; vice-president, Mrs. Samuel Newson; secretary, Mrs. David Spencer.

Mrs. Barnes, the retiring president of the Hill Club, who has gracefully filled the office during two years just ended, made a few appreciative remarks to the incoming officers and other members, to which Mrs. David Spencer, on behalf

## WOMEN SPEAKERS AT BIG SESSION

Will Be Heard by Fruit Growers at Davis State Farm.

DAVIS, May 26.—"Opportunities for Women in Horticulture" is the subject of one of the consecutive lectures to be given, one each day, during the forty-fourth annual convention of the State Fruit Growers' association at the University State Farm here during the week commencing June 1.

During each day a woman who has made a particular success of some practical branch of fruit growing will explain her methods and results.

Another of the subjects for consecutive lectures will be "Information for New Settlers." This series will be in charge of Dean Thomas Forsythe Hunt of the College of Agriculture. At the same time there also will be going on a series of lectures on "Irrigation," under the direction of Professor B. A. Froehner, a series on "Insect Pests," arranged by E. O. Essig, and a series on "Frost," arranged by R. S. Valle.

Dr. C. B. Lipman will be in charge of "Soil Handling and Fertilization," and Dr. Harold Hottel will arrange a series on "Co-operation in Horticultural Operations."

On particular interest will be the lecture at 11 o'clock each day on "Methods of Marketing," J. R. Darrington, of the United Fruit Association, will present the methods of that organization and representatives of the other organizations will present their methods.

In the series on "Utilization of Surplus and Waste Fruit," a lecture will be given each day upon such subjects as "Vinegar Making," "Preparation of Unfermented Fruit Juices," "Home Canning," and similar subjects.

The dormitories of the University State Farm are all nearly deserted except for about two score of students who are staying to work during the coming two weeks, preparing the dormitories and other buildings for the California Fruit Growers' convention.

When the convention proper begins, the students will wait on table and do other work which will make the fruit growers' stay comfortable.

## ENGLISH THRONE IS SAFE, SAYS WARD

But Liberal-Labor Leader Adds "if—" to His Statement.

LONDON, May 26.—"So long as King George does not step outside his constitutional rights he has the safest throne in Europe, but should he throw his influence on one side or the other of a political fight, then..."

If John Ward were not a member of Parliament he would probably have completed the sentence. But at that he was "going some" for the average Britisher even in private life, is exceedingly punctilious in his observations regarding the throne and its occupant.

Ward, who began life as a navy on the Manhester ship canal, is the man, who, on the floor of the House of Commons during the debate precipitated by the refusal of army officers to serve in Ulster, made the momentous declaration, "We have now to decide whether the People through their representatives in Parliament are to make the laws absolutely without interference either from King or

army." Liberals, Laborites and Irish Nationalists rose in their seats and shouted Cromwell had the walls of Westminster echoed similar cheers against the king.

WARD HIMSELF is as loyal to the throne as an institution as any of the members of the Opposition benches who dubbed him "traitor." He much prefers a "royal president" to a Republican president.

"Even if England wanted a Republican president," he remarked, "we would sorely be puzzled whom to select. Since 1838 I have known only one man who could have filled the post, and that is..."

...he has been pointed to the figure of the Grand Old Man—"And even he was too much concerned in active party politics to have been entirely satisfactory."

Explaining his attitude in the army crisis Ward said: "The country was faced with one of the greatest problems that could confront a nation. The question to be decided was whether the discipline of the army was to be maintained, whether it was to continue to be a neutral force to assist the civil power, or whether in the future the House of Commons, representing the people, was to submit its decisions for approval to a committee of officers—a military junta."

"We were face to face with a declaration of absolutism. The rights for which democracy had struggled for ages were threatened with destruction. A manifesto had been issued by the Syndicalists to the enlisted men of the British army urging them to remember that officers had exercised the right to judge when they would and when they would not obey orders, and asking the men to resolve that they would never fire a shot against their own class. What better right had the members of the Opposition than those men to spread sedition in the army?"

**DEATH CLAIMS FORMER SECRETARY OF SENATE**

NEW YORK, May 26.—Charles G. Bennett, formerly secretary of the United States Senate, died yesterday at his home in Brooklyn.

Mr. Bennett became secretary of the Senate in January, 1900, and held the position until about two years ago when the Democrats got control of that body. Previous to 1900 he had been a Congressman from the Fifth New York district, twice re-elected. He was born in Brooklyn on December 11, 1863.

**JACQUES' LOEB HONORED BY FRENCH SCIENTISTS**

PARIS, May 26.—Professor Jacques Loeb, formerly of the University of Chicago and California, and now of the Rockefeller Institute for Medical Research, New York, was yesterday elected correspondent of the French Academy of Sciences in the section of anatomy and zoology in succession to the late Lord Avebury.

## HIGHWAY BIDS ARE OPENED AT CAPITAL

SACRAMENTO, May 26.—Bids were opened by the California Highway Commission yesterday on 77.3 miles of state highway in various sections of the State, the estimated cost of construction of which is figured at \$950,000. Contracts will be awarded for the various projects at the next meeting of the advisory board of the State Department of Engineering.

## OKLAHOMA FARMERS NEED HARVEST HANDS

OKLAHOMA CITY, May 26.—Charles L. Daugherty, state commissioner of labor, yesterday appealed to Secretary of Labor Wilson to aid Oklahoma farmers in securing 12,000 harvest hands needed to gather the grain crop, which Mr. Daugherty anticipates will exceed all previous records. Cutting of wheat will begin about June 5th.

## W. H. CROCKER'S HORSE BOY BANDIT'S STEEL

SAN FRANCISCO, May 26.—Mounted upon one of William H. Crocker's best saddle horses and rigged out as a bandit of the type he had seen in moving pictures, 16-year-old Maurice Derrau disappeared from Hillsborough yesterday.

For months the boy has been trying to realize the exploits of highwaymen he had seen in film plots, and he has several times fallen into the hands of the police. Two weeks ago he was arrested after being found in a hut masquerading as a bad man, and the police questioned him about robberies that had occurred in the homes of the millionaire colony.

After going to the Crocker stables and stealing the horse yesterday young Derrau was seen riding furiously in the direction of San Francisco. The police of this city and the peninsula towns have been asked to be on the lookout for him.

## CHICAGO HAS DRASTIC FIREARMS ORDINANCE

CHICAGO, May 26.—A drastic ordinance against the sale of fire arms was passed by the city council last night. By its provisions only licensed dealers may sell firearms and then only to persons who have permits signed by the chief of police. Loss of license and prosecution is the penalty for violation by dealers of the ordinance. Recent prevalence of "gunmen" shootings and killings led to the action of the council.

Tired Feeling, Swollen Hands and Feet, Due to Kidney Trouble.

Your kidneys surely need help—and quickly—when your hands and feet thicken, swell up, and you feel dull, sluggish, lose your energy and appetite, and there is a puffiness under the eyes. Take Foley's Kidney Pills at once. They act directly and quickly, and the result is a regular normal action that keeps the irritating poisonous acids out of your system. Use no substitute. Sold everywhere.

## Ambition Pills For Nervous People

The great nerve tonic—the famous Wendell's Ambition Pills—that will put vigor, vim and vitality into nervous, tired out, all tin, despondent people in a few days.

Anyone can buy a box for only 50 cents, and all druggists are authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchased.

Thousands praise them for general debility, nervous prostration, mental depression and unstraining nerves caused by over-indulgence in alcohol, tobacco, or overwork of any kind.

## PROHIBITION LOSSES ARE SHOWN IN REPORT

SACRAMENTO, May 26.—Seven hundred million dollars' worth of property would be confiscated five days after the Secretary of State certifies the 1914 election returns to the Governor if the initiative prohibition measure carries this fall, according to William Schuidt of San Francisco, who filed yesterday an official argument with Secretary of State Jordan against the proposed law.

He enumerates the vast losses to the brewery and liquor interests, and declares prohibition, as provided under the proposed law, would be an economic blunder of colossal proportions.

Schuidt characterizes prohibition as contrary to the teachings of religion, and asserts it would be a disastrous thing for the 1915 exposition.

## EPISCOPAL BISHOP IS SERIOUSLY ILL

PORTLAND, Or., May 26.—Right Rev. Charles G. Scadding, Episcopal Bishop of Oregon, is suffering from complications of pneumonia, and his condition is grave. The prelate developed pleurisy last Thursday, and immediately took to his bed. There were unmistakable signs Sunday that the more dreaded disease had seized the sufferer. Reports from Bishop Scadding yesterday are to the effect that he is in considerable pain and has a high temperature. Physicians are constantly at his bedside.

## U. S. MINISTER EGAN

ILL IN WASHINGTON

WASHINGTON, May 26.—Dr. Maurice Francis Egan, American minister to Denmark, is seriously ill in this city. Dr. Egan came from Copenhagen recently for a vacation and to lecture through the South and West. All of his engagements have been cancelled.

## LOVER ENDS HIS LIFE IN REMORSE

### CUPID STUBS HIS TOE ON AMERICA'S GREAT DIVIDE

### DIVORCE EVIL AROUSSES THE CHURCH

#### Presbyterians Report One Di- vorce in Every Eleven Marriages.

CHICAGO, May 26.—"One out of eleven marriages in this country ends in divorce. The highest divorce rate in any country is in Japan. The next highest is in the United States. This situation is a disgrace to America." So saying the report of the committee on marriage and divorce made to the Presbyterian general assembly in session here opened with an emphatic denunciation of apathy on this subject and declared that the time was ripe for action and not words.

"Certainly no earnest man can be quiet and satisfied under such conditions," the report read. "No doubt, some will say that we must call a conference, pass resolutions and organize a new society. Such proposals only add a new aggravation. Full publicity has been given. Resolutions have been passed, Congress and conferences composed of the highest abilities have been called and have issued their findings and advice. Surely, nothing more is needed in the way of theory. More is needed in the way of action and results. The two legal remedies provided for no executive agency to carry their plans into effect.

#### ASK QUICK ACTION.

"Now we should act. The Presbyterian church is in a position to take steps for an advance. It has in its possession of fact a chapter on marriage and divorce. The churches and presbyteries are closely related in all the states to legislatures that should now be approached with definite proposals for reform. Our ministers and elders might easily invite the co-operation of their brethren in other denominations, and together might hope to secure the passage of improved laws on this behalf.

"The committee would hereby recommend that this general assembly approve of the following particulars as desirable for incorporation in an improved state code or new law on marriage and divorce:

"The requirement of a residence of at least two years in the state where the application for divorce is to be entered.

"The requirement of a period of at least one year after the granting of decree before the same shall take effect.

"The following provisions concerning evasion of laws on marriage and divorce, to-wit:

"That if any person or persons being resident of this state shall go into another state or country with intent to evade or violate any of the laws of this state pertaining to marriage or divorce, and there contract a marriage or obtain a divorce, prohibited by the said laws of this state, and then return to this state, such marriage or such divorce shall be null and void for all purposes in this state, with the same effect as though such prohibited marriage or divorce had been entered into in this state."

The committee called attention to the fact that none of its suggestions had to do with offering proposals any legislation on the matter of uniform laws for divorce.

#### LOSS IN MEMBERS.

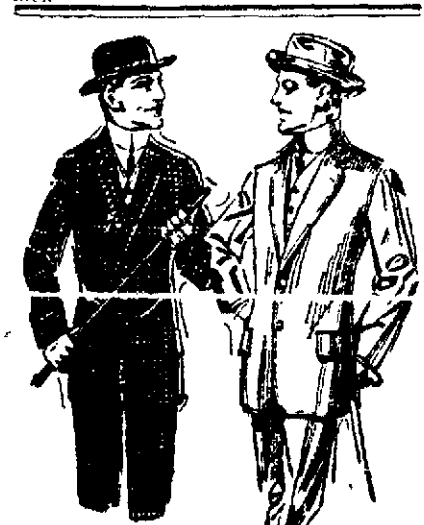

A net loss of members to the Presbyterian church averaging more than 43,000 a year for the six years since 1903 was regretfully announced to the session.

This loss was stated to be through the single item of absenteeism. In 1912, 50,927 members were dropped from the rolls and 7206 were restored.

These figures, however, take no account of the yearly additions to the church in new members, children, converts, etc.

#### NEGRO CAN SMILE.

"There is hope for anybody who can smile and the negro has never forgotten how to smile," said Rev. John M. Gaston of Philadelphia today before the General Assembly of the Presbyterian Church in the United States in supporting the report of the standing committee on Freedmen.

### JACOB A. RIIS IS DEAD RENOWNED FOR REFORMS

JACOB RIIS, FRIEND OF A MILLION TENEMENT CHILDREN, WHO DIED TODAY.

BARRE, Mass., May 26.—Jacob A. Riis, author and social worker, died at his summer home here today after a long illness.

Jacob August Riis became, through his work in behalf of the poorer people in New York, the most useful citizen of the metropolis, according to a tribute once paid to him by Theodore Roosevelt, his intimate friend.

As an almost penniless immigrant he obtained knowledge of the slums at first hand and found conditions there so repellent that he consecrated his whole life to warfare against wretchedness.

Riis was the thirteenth child of a Latin teacher in Ribe, Jutland, Denmark. He was born in 1849. Protesting at the literary career which his father had cut out for him, young Riis decided to work with his hands and became a carpenter's apprentice. The vocation he had chosen did not prevent him, however, from falling in love with Elizabeth Nielson, daughter of one of the richest men in his native town. But she refused him, and when Riis was twenty-one years old, having learned his trade, he embarked for New York with only \$4 in his pocket. He spent half the sum for a heavy navy pistol as soon as he landed "to fight Indians and desperadoes."

#### CAREER VARIED.

Riis led a varied career during the following six years. He built miners' huts in a Pennsylvania construction camp, mined coal, made bricks, drove a team and peddled flat irons and books. At twenty-seven he spent his last cent in reaching New York, hoping to enlist through the French consul in the French army against Germany for the Franco-Prussian war, but his services were refused, and Riis was forced to accept a beginner's place as a reporter for a New York news bureau. At the very first he made his most conspicuous success in the study of conditions on the East Side of New York.

As a reporter on the New York Tribune and later on the New York Sun, Riis took up his real work in slum fighting.

### STUDENTS ARE FREED BY COURT

#### Girls Were Permitted by Their Mother to Accompany Youths to Beach.

SAN FRANCISCO, May 26.—Kenneth Montague, 22-year-old University of California student, and his friends were freed by the juvenile court today.

Montague, who is the son of Louis F. Montague, millionaire capitalist and clubman of 2024 Ridge Road, Berkeley, and his friends were arrested here ten days ago in company with the Misses Elsie and Gladys Lomax. The four had been jostling through the park and along the beach boulevard, and the men were taken into custody at "The Great" roadhouse. Their apprehension by Corporal Skelly and their subsequent appearance before Police Judge Sullivan caused a sensation.

#### HAD MOTHER'S CONSENT.

It was decided to transfer the cases to the juvenile court and there a hearing was held today. The two girls, who are the daughters of Richard Lomax, a confederate of 1319 Market street, were present at the hearing, accompanied by their parents. The dismissal of the action followed the testimony of Mrs. Lomax that she had permitted her daughters to accompany the young men to the beach. She knew, she said, that they were going to the Cliff House and had had no objection to their accepting the attentions of the college students.

As there was no claim by the police that there had been any particular wrong doing, and as the only reason for the apprehension of the party was their presence at 3 o'clock in the morning, Judge Murasky dismissed the accusation against the young men.

Both girls were allowed to go to their homes and the incident was closed.

### Tears Money Up, But Cries Out at Reported Robbery

SAN FRANCISCO, May 26.—Joseph Meyer, a sausage maker from the Columbia Hotel, 32 Sacramento street, with \$250 in his pocket, entered a saloon at 34 Embarcadero early this morning and tore a \$20 greenback into three pieces. He also purchased three

He returned a few moments later minus the bubble water and declared that he had been robbed of his coin. John McPherson, the bartender, recalling the frivolity with which Meyer had torn up his money, called in the police. It was deemed best to lock the sausage maker up for his own protection and he was placed in a cell at the city prison.

He protested loudly that he had done nothing and tried to break out. Climbing up on the wash basin in the cell he perched on the faucet and tried to squeeze through the aperture by which the prisoners' meals are passed. The faucet was broken and when this was discovered by the guards later in the morning Meyer was booked for malicious mischief.

### REPEAL ATTACKED

WASHINGTON, May 26.—The Panama tolls exemption repeal was debated again today in the Senate. Senator Jones, Republican, of Washington, led off with an attack on the bill.

"The American people will not have their rights foreclosed in this way. They approved this legislation," said he. "Repeal this law now and the people will rewrite it and insist on it."

Senator Jones declared the time to arbitrate the dispute with England was before the repeal and not afterward. Advocates of repeal, he said, had exercised "Euerdian ingenuity" seeking out reasons.

Senator Sutherland of Utah introduced a resolution calling on the President to submit to Great Britain a proposal for the creation of a special impartial tribunal for arbitration.

### DIES BENEATH WHEELS OF TRAIN

#### Fear-Stricken Beside Dead Girl He Longs to Perish; Takes Drug.

LISLE, Ill., May 26.—Reginald A. Barr, leaving behind him a note declaring that he was going to die, heart, Florence Bentley, at Downers Grove, three miles from here, last Saturday night was accidentally jumped beneath a moving train here early today and was killed.

It was his fourth attempt at suicide. In a note he said he took a drug twice in an effort to die beside the body of his sweetheart, but both times failed, sleeping the drug off beside the corpse.

He next jumped into a quarry pit, but he fell in stagnant water, and "I could not sink," said the note.

The clothing on his body was wet when taken from the tracks. The note said Miss Bentley was killed when he tried to kiss her. She screamed and he placed his hand on her throat. "She became quiet all of a sudden," said the note.

In remorse and fear he sat beside her for some time, seeking to find a spark of life remaining in her. Finally he gave up hope, and jumped into the quarry pit. When this attempt to die failed he went to Aurora, where he purchased an arsenic bottle. He returned, and prostrating himself beside the girl's body, swallowed it.

After a while he woke up. Again he made the trip to Aurora, says the note, and again returned with poison to die beside the girl he had slain. This attempt was also a failure. Then he wandered for hours through the woods before jumping in front of the train.

## 'MOVIE' CHURCH SERVICE OPPOSED

Berkeley Minister Would Install  
Machine; Neighbors  
Protest Plan.

BERKELEY, May 26.—All manner of difficulties threatened to attend the efforts of Rev. H. J. Loken, of the First Christian church to install a modern moving picture apparatus in his edifice at Dana street and Bancroft way.

Underwriters that the installation of a machine will cause a raise of insurance rates in the neighborhood, and citizens living in that district are beginning to believe in the utility of motion picture machines in churches. They sent Robert Beard, of the firm of Juster and Beard to the council this morning to protest against the machine being permitted. The council, after a long discussion, came to the conclusion that it had no authority in the matter and referred it all to the fire marshal.

Underwriters. He pointed out that the installation of the new machine would be an increase in rates would be an inevitable result.

ON CONGREGATIONS.

City Attorney Cornish declared that that might be so if the church congregation were a miscellaneous audience.

"What do you mean by a miscellaneous audience?" demanded the mayor. "Cornish replied that he meant the sort of audience that attended the moving picture theaters."

"Well," retorted the mayor, "anybody can go to church, so that is a miscellaneous audience, too."

Commissioner Wilson added that he would "like to make the churches safe by putting moving pictures in them," and continued:

"It seems to me there is less danger in a church of a panic than there is in a movie house. The danger is in the future to calm them."

City Attorney Cornish pointed out that there was no ordinance which the council could grant Rev. Loken's request, and the council instructed the clerk to inform the minister that his recourse was to the fire marshal.

## MUSICAL PROGRAM FOR BLIND SCHOOL GRADUATION

BERKELEY, May 26.—Commencement exercises will be held by the California Institute for the Deaf and Blind at the school at the hearing of Parker street, the evening of Friday, June 6. For this occasion an interesting program has been prepared, including especially a musical program that promises to be of worth. The program is in charge of Professor Otto Fleischer, head of the department of music.

Marguerite McFadyen, Sophie L. Flammie, Frances Phillips, Martha Dean and Alfred Kloss, who have shown particular aptitude in their musical studies, are to give solo numbers. The complete program is as follows:

(a) Chorus, "The Brownies" (Riller), "Popping Corn" (McCurry), primary course; organ solo, "Gavotte" from "Allegretto" (Thomas), transcribed for piano by Clarence Edgerly; Margaret McAttee, piano solo, "Spring Song," Op. 18 (Merkel), Bernice La Plante, vocal solo, "Hallelujah" (Stange), Frances Phillips, piano solo, "Valse de Concert," Op. 3 (Wieniawski), Alfred Kloss, violin solo, "Concerto," Op. 19 (Seltz), Martha Dean, organ solo, "Finale" from the "Scottish Symphony" (Mendelssohn), Roland Harter.

## FIREMEN SAVE HOUSE; DOCTOR ADDS TO FUND

ALAMEDA, May 26.—Dr. Lincoln Van Orden has sent a check of \$10 to the firemen's relief fund in acknowledgment of the speedy work done in extinguishing a fire in the Van Orden home several days ago.

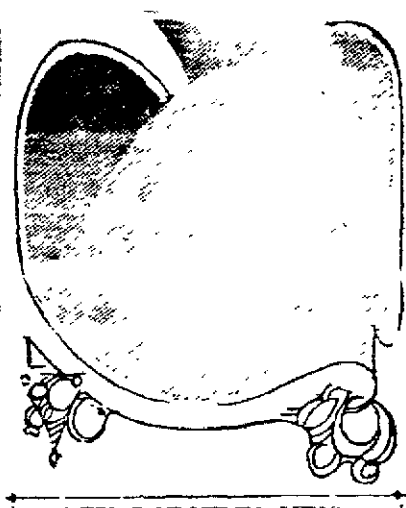

TO TALK OF FLOWER PLANTING.

BERKELEY, May 26.—All principals of schools and other teachers who are interested in the flower planting movement are invited to attend the meeting at the Chamber of Commerce rooms next Friday evening at 8 o'clock, when it is expected that an organization will be effected to take charge of the work. The recent rain is regarded as a favorable happening in the way of encouraging the planting of flowers.

## ASK FOR GERANIUMS.

BERKELEY, May 26.—The Chamber of Commerce of Cro's Landing has appealed to the Berkeley Chamber of Commerce for a number of San Joaquin valley geraniums for propagating purposes to beautify the city square of Cro's Landing. Citizens of Berkeley who have cuttings to spare are invited to send them to the Chamber of Commerce in order that they may be forwarded to the flower-lovers of the San Joaquin valley.

## LATEST NEWS FROM OUTSIDE TOWNS

## THREE IN FIELD FOR EDEN OFFICE

Judge Prowse, J. W. Armstrong and Frank Mitchell, Jr., Out for Justice.

HAYWARD, May 26.—Three candidates are out for the office of justice of the peace of Eden township. J. D. Armstrong, town trustee and president of the chamber of commerce entered the field yesterday. The other candidates are Judge Charles Prowse, incumbent and City Attorney Frank Mitchell Jr.

Justice of the Peace Prowse has held the office for sixteen years. He was born and raised in Castro Valley and Haywards and is engaged in the real estate business.

Trustee J. D. Armstrong has been a resident of Alameda county for 47 years, graduating from Livermore College and serving as a school teacher for 23 years. He has been a town trustee for two years.

Attorney Frank Mitchell who is the town's legal adviser is a Hayward native, son, graduating from the Hayward high school.

## ATTENDED LEGISLATURE FOR OVER 30 YEARS

SAN LORENZO, May 26.—The funeral took place yesterday afternoon of John K. Kowin, a pioneer of San Lorenzo, who died at his home here Friday. Services were held at his late home, interment being in San Lorenzo cemetery. Kowin was 79 years of age and a native of Denmark. He was a keen politician having attended the legislature at Sacramento each year for over 30 years.

## HAYWARD COUPLE TO MARRY IN CHURCH

HAYWARD, May 26.—Miss Ethel Martin of Buena Vista avenue and Pietro Cavella, a commission man of this city, will be married in All Saints church Sunday, May 31. John Forcher and Miss Margaret Martin, sister of the bride, will be the attendants. The bride, who is a daughter of Mrs. Emma Martin, has a host of friends here. She is a graduate of the Hayward schools. Cavella is associated with his father in business. The couple have known each other since they attended school together. They will reside here after a honeymoon trip to the southern part of the State.

## INJURIES RECEIVED IN COLLISION ARE SERIOUS

ELMHURST, May 26.—Joseph T. Sousa, 1619 East Fourteenth street, foreman of the San Leandro Orster Company, who was mainly injured about the head and whose ankle was sprained in a collision between his buggy and an auto truck yesterday, will be laid up for several weeks as a result of the accident. The collision occurred close to Sousa's home as he was driving home from work. As he claims, on the right side of the road, Sousa's injuries were dressed by Dr. George Coleman of San Leandro.

## BEE KEEPERS TO TALK OVER LABORS AT DAVIS

UNIVERSITY OF CALIFORNIA, May 26.—At the Fruit Growers' convention to be held at Davis during the first week of June, the California Beekeepers' Association has been asked to give a presentation on account of the close relationship which exists between bee keeping and fruit raising. The association will hold a series of meetings of their own at which many of the leading experts will be present.

Full information in regard to the convention may be obtained by addressing the University Farm, Davis.

## Bronze Altar Figure Is Rare Object on View

BERKELEY, May 26.—The exhibition of sculpture and painting at the school of Arts and Crafts which opened on Friday, May 22, will continue throughout the week, closing Sunday, May 24. The hours on weekdays are from 10 a. m. to 5 p. m. and on Sunday from 2 to 5 p. m. The only evening that the exhibition will be open will be on Thursday from 7:30 to 9:30. Of special interest is the work in sculpture, including the bronze altar figure.

As guests of the association there were present a number of the officers and members of the several churches represented by their pastors.

President Winsor, pastor of the Eighth Avenue church of Oakland, acted as toastmaster. Mrs. E. J. Bradner, whose husband is pastor of the Grace church, Oakland, gave two readings. Harold Hilton played two violin solos. Miss Irene Lloyd, daughter of the pastor of the First church, was the accompanist. Addresses were made by the Rev. H. B. Johnson of Berkeley superintendent of the Methodist Episcopal church, and the Rev. Dr. S. D. Hunsinger of the Berkeley superintendent of the Oakland district of the California annual conference, and by Mrs. Eugene F. St. John.

The Rev. Dr. Johnson in his address reviewed some of the progress of Christian missions in Asia and particularly in Japan.

FOR WIDER INTEREST.

Dr. Straton, a physician of Oakland, made a plea for more attention to religious worship on the part of pastors, holding that too large a place in the service was taken by the sermon, and the whole was often spoken of as a preaching service rather than as worship.

"Men should feel that they are under obligation to attend church," said the speaker "because of the duty and privilege of putting, whether they like the preacher or not."

Dr. S. D. Hunsinger, while discussing "the machinery" of the Methodist Episcopal church, said that the church should be a place where the people are interested in the work of the church, and that the church should be a place where the people are interested in the work of the church.

Among the students who contributed to the work of the church are the following recent graduates:

Mess Dorothea Mess, Margery Whelan, Louise Brown, Elizabeth Brown, Margaret Boyd, Frances Cooper, Florence Cook, Irma L. Whitman, Margaret Engle, Gertrude Goodrich, Grace Norton, and Thursday, Washington, Tuesday; Everett, Thursday and Friday.

## U. C. STUDENTS WEDDED MISS FLANAGAN IS BRIDE

Marriage Ceremony Is  
Event at All Souls  
Chapel

BERKELEY, May 26.—In a dainty setting of soft shades of pink and green and blue, Miss Irene Flanagan became the bride of William Bay last evening at the chapel of All Souls. Both young people are residents of this city, both are former students of the University of California, and popular in college and town circles.

The ceremony was performed by the pastor of the church, Rev. Dr. S. D. Hunsinger.

As guests of the association there were present a number of the officers and members of the several churches represented by their pastors.

President Winsor, pastor of the Eighth Avenue church of Oakland, acted as toastmaster. Mrs. E. J. Bradner, whose husband is pastor of the Grace church, Oakland, gave two readings. **DONS MALE GARB IN  
SEARCH FOR HUSBAND**  
SAN FRANCISCO, May 26.—Mrs.  
Lillian Smith lives at 134 Church  
street. Last night she asked a neigh-  
bor if he had seen her husband, who  
is a teetotaler and who sometimes does  
not go straight home from work.  
"Sure," was the reply, "I seen him  
down to Fatty Blode's place."  
Mrs. Smith said to herself: "It's no  
use to go after him like a woman. He  
sees me through the back of his head."  
So she dressed up in a suit of her  
husband's clothes and swung into Fat-  
ty Blode's place, which is "The Camel,"  
1034 Golden Gate avenue.  
She put one foot on the rail and an  
arm on the bar.  
"Gimme a beer," she said.  
But the bartender saw her hair and  
called the police. She was arrested for  
impersonating a male and her  
husband, James Smith, is still at large.

**PUPILS IN RECITAL**  
Miss Eva M. Garma will present her  
junior piano pupils at a recital on  
Thursday evening, May 28, at 8:15  
o'clock in Starr Kine hall. The pro-  
gram will offer many interesting num-  
bers.

## MEDIATION IS DISRUPTED

### LAND ISSUE CAUSE OF HITCH

Mexican and U. S. Delegates Strike Snag in Conference

Sensation Is Caused by Sudden Break in the Proceedings

NIAGARA FALLS, Ont., May 25.—The wind has suddenly veered once more. When all seemed going well and every one was believing they had reached an accord with the Americans, were about to issue a formal statement explanatory of their position on the land question and regretting that it was clearly impossible for them to give guarantees as to the action of a box and foreign and interested government, there came a sudden halt. The Mexican delegates had their stenographic work finished, their negotiator ready to print the document and then they stopped. They had reached a point where the negotiations were at a standstill. It could be no other, they said.

Then, when every one, amazed at this sudden step, was speculating on the reason for it and the air was filled with rumors, probable and surely incredible, the American delegates dashed up in their automobiles. There was a hurried mounting of the staircase to the room of the mediators, the door of the mystic chamber was slammed and a prolonged and earnest "conversation" was entered on.

WANT ASSURANCE.  
It was obvious that there must be some more definite assurance respecting the land question to meet the declared purpose of President Wilson. Precisely how it was to be worked out or how it could be worked out was not altogether clear, but little doubt was felt by those participating that it would be worked out.

After the conference between the mediators and the American delegates Justice Lamar dictated the following statement:

"We have begun to discuss the terms and details of a plan of pacification. On a number of them we find ourselves in substantial agreement. Others are still under discussion and as to them there has been no disagreement. We have an appointment to go to Toronto tomorrow to attend a social function, but we expect to be able to continue our meetings along the trip."

CONSUL TO VISIT SALTILLO.  
WASHINGTON, May 25.—Normal conditions are prevailing again in Monterey. Consul General Hanna reported today to the state department. The railroad to Saltillo was to resume carrying passengers today and the consul reported his plan to go to that city.

Mrs. John R. Silliman, wife of the consul at Saltillo, has learned of her husband's safe arrival in Mexico City through the state department and Consul General Hanna.

A message from Mrs. Silliman, received here today, tells of the arrest of her husband on May 12, his three weeks' imprisonment and departure for Mexico City. Mrs. Silliman expects to leave Saltillo later with a party of other American women and a Mr. Wheeler of the British consulate.

SILLIMAN AT VERA CRUZ.  
VERA CRUZ, May 25.—John R. Silliman, American vice-consul at Saltillo, arrived here today from Mexico City. He declined to discuss his experiences during his imprisonment until after he had made his official report to Washington.

## U. S. TROOPS ARE FIRED ON

Soldiers Meet Armed Resistance in Strike Zone

TRINIDAD, Colo., May 25.—For the first time since they assumed control in the strike districts of the Colorado coal fields, the United States troops were fired on.

The shooting occurred at a miner's camp at Segundo, near Trinidad, where twenty shots were fired at the federal troops.

The shots were fired at a patrol from a hillside overlooking the camp after a trooper, who had dodged a missile thrown at him through a window answered a shot fired at him from the darkness.

The patrol, starting to search for

### Morals Court Fails To Fill Demand for Guaranteed Babies

CHICAGO, May 26.—Chicago's stock of "certified babies" was exhausted in less than a week.

A few days ago Judge Goodnow of the morals court let it be known that his court would offer for adoption babies who had been passed as physically and mentally perfect by the city psychopathic laboratory. No others would be given and with each baby would go a chart of its mental traits and possibilities.

"Here's a letter from a man in Baltimore who wants two certified babies," said Judge Goodnow yesterday, selecting one from a handful of similar application. "He wants a girl two years old and a boy of five. Applications have come from all over the country. But there are no more babies and there are not any in sight at present. One thing has been demonstrated: that there is a big demand for certified babies. We have a range of choice in making the best homes for them."

## AUDITORIUM PETITION FILED

5000 Signatures Are Obtained to Demand for Election

Council Is Asked to Re-submit Bond Issue Recently Lost

Following work of a day and a night the auditorium campaign committee of the Oakland Commercial Club this morning, at the session of the city council, filed with that body a petition, signed by 5000 names, requesting the immediate calling of a second election to decide whether or not the people shall, by bond issue, complete the Municipal Auditorium.

The petition calling for practically the same election as was held and lost recently on the same matter, was filed, following a whirlwind campaign yesterday and last night by the committee, when they decided that the election should be called with as little delay as possible. The document, in eighty sections, was carried into the council chambers this morning by J. H. King, chairman of the campaign committee, and Lewis Gear.

"I believe that, before we are finished, we will have fully 5000 names on our petition," declared King.

"We worked quick and we will keep on working," declared King, when the petitions were filed. "We had no trouble at all. Every one seemed more than anxious to sign."

The Commercial Club men declare that their petition will contain at least twice the number of names re-

### CAPITALIST OBTAINS A DIVORCE

R. H. Smilie Gets Legal Separation From Society Woman

Wife Loses Appeal to Supreme Court; Husband Says Cruelty

Robert H. Smilie, of Berkeley, manager of the valuable holdings of the Smilie Estate Company, was granted an interlocutory decree of divorce today from his wife, the former Florence L. Buck, beautiful society belle and sister of Major Carroll Buck, U. S. A. The divorce case which has been pending before Superior Judge Harris since August, 1912, once found its way into the Supreme court on an appeal made by Mrs. Smilie, whose motion for a change of venue to Sacramento county was overruled. She lost the appeal and the matter was referred to the Court Commissioner recently, with the result of a decision in favor of her husband.

SOON LEFT BRIDAL HOME.  
The romance between the society girl and Smilie commenced at the summer home of former Governor F. R. Fancher at Lake Tahoe in 1910. The couple were married in Minneapolis in February, 1912, but their happiness was short-lived for in July of that year Mrs. Smilie left her home at

### HEIRS TO LITIGATE

Claimant Keeps Alive Testimony Awaiting Death of Argonaut.

John Kelley, who amassed a fortune during the railroad building days of the late Governor Leland Stanford, and who was some time ago declared incompetent to manage his estate by Superior Judge Ogden, will probably leave a highly tangled state of affairs upon his demise, according to intimations of a contest over the estate given in Sacramento by Margaret Divina, who seeks to keep alive testimony to the effect that she is Kelley's cousin. Kelley, one of the well known characters of the state during the halcyon days of the gold diggings and railroad enterprises, once took up \$35,000 in scrip issued by the Legislature in 1879 to pay the members of the preceding Legislature for 57 days overtime in session.

AN HISTORIC DEAL.  
He bought the scrip at 5 cents on the dollar and the scrip has not to this date been redeemed by the state. It is part of Kelley's estate which the contest will probably be over at his death. At the time he was declared incompetent, David H. Davis was appointed his guardian and has since administered the "treasure" estimated at a quarter of a million dollars. Kelley is 54 years of age and enjoys good health. He resides with Mrs. Caroline Davis at 927 Thirty-fourth street, Sacramento.

Margaret Divina has petitioned the court in Sacramento county for the revocation of the order appointing her relationship as a cousin, her move and pressing a legal battle. Kelley has made a will, it is said. In the meantime eight other persons have claimed heirship to Kelley.

### Right of Way Yields \$2,000,000 Mortgage

Through a mortgage filed today, the Oakland, Antioch & Eastern Railway pledges property in Alameda and Contra Costa county included in a right of way between a point in Claremont and Bay Point, a distance of twenty-eight miles, to the Anglo-California Trust Company to secure a bonded indebtedness of \$2,000,000. The mortgage was dated July 1, 1910, at the time construction on the road commenced.

### UNITED R. R. TO CONSIDER FINANCES

Pres. Lilienthal to Lay Calhoun Matter Before Directors

Believes Traction Concerns Should Not Invest Outside

### RUN CARS, BUSINESS LILIENTHAL'S OPINION

"I have always contended that it is the business of a street car company to run street cars, and I do not think it proper for it to become involved in other investments and projects. I may be wrong about this and it may be that such a course would be depriving this company of sources of revenue, but while I am president I intend that this policy shall maintain."

Jesse W. Lilienthal.

SAN FRANCISCO, May 26.—The board of directors of the United Railroads will hold a meeting Thursday afternoon at 2 o'clock, when the charges of the railroad commission that Patrick Calhoun, former president of the company, deliberately withdrew from the treasury \$1,098,000 when the money was needed for new equipment and improvements will be carefully investigated.

TO AID INQUIRY.  
"Certain we will take up this matter when we meet on Thursday," Lilienthal said. "So far as an investigation by the railroad commission is concerned, if they choose to make one I will aid them with every implement in my hands. I will give them all the data I possess, will assist them in every way and will place under their control the entire clerical machinery of the United Railroads. I do not know what steps the directors will take on Thursday and I cannot forecast the result of that meeting."

Regarding the statement of Mr. Calhoun, I feel that I ought not to be quoted. He says he invested the money that he did with the full consent of the directors. They say they know nothing about it. Whether or not the former president of the United Railroads had authority so to act I would not like to say.

BUSINESS TO RUN CARS.  
"I have always considered that it is the business of a street car company to run street cars, and I do not think proper for it to become involved in other investments and projects. I may be wrong about this and it may be that such a course would be depriving this company of sources of revenue, but while I am president I intend that this policy shall maintain."

At the offices of the railroad commission this morning it was announced that the hunt for the missing children in connection with the investigation, Commissioner Edgerton, who wrote the opinion, is still in Los Angeles and President Eschelman is still in the South. Commissioner Loveland was the only member of the body in San Francisco today and he would make no statement regarding it, saying it was not in his hands.

### May Delve Further

At the present time the railroad commission has nothing before it. The criticism of the United Railroads and agency of one action of Calhoun, in taking out \$1,098,000 from the treasury for outside uses was merely advisory to a decision allowing the company to arrange for the purchase of 60 new cars, and providing for the financing of the purchase. Since the granting by the commission of permission to make the necessary monetary arrangements with the bankers the incident is closed and there remains nothing now before the board for consideration. However, it may see fit to delve further into withdrawal

of the same, and it is the general opinion hereabouts that such an action will be taken. The appointment of President Lilienthal yesterday that he believed the books originally called for had been destroyed, may alone be sufficient to evoke an inquiry.

It is generally presumed that the reason for the disappearance of the books is the disappearance of the board for consideration. However, it may see fit to delve further into withdrawal

### BABES IN WOODS SMOKER TONIGHT

Chinese Consul's Children Not Kidnaped, But Sleeping in Creek Bed.

BERKELEY, May 26.—In each other's arms in the dry bed of Colton's Creek, slept eight-year-old Min Yien and her sister, Shan Guit, a few years older, last night, while their father, Shan Ching Shu, Chinese consul to San Francisco, was almost moving heaven and earth to find them. This morning M. Takafu, the Japanese servant of Frank Rowe, residing at Tacoma avenue, brought them out of their hiding place and informed the police, who returned them to their distracted parents.

Early yesterday morning before Consul and Mrs. Shu had awakened the two little girls rose from bed, donned their clothes and went for a walk. Contrary to their father's directions they ventured outside the yard, became confused in the maze of Northbrae streets and were soon hopelessly lost. Meanwhile Mr. and Mrs. Shu had arisen and found them gone. They searched in vain about the yard and in the neighborhood.

SEARCHES CHINATOWN.  
The consul, fearful of kidnappers or a plot of politicians, grooved the bay and ransacked San Francisco's Chinatown from end to end. Then he returned and gave the matter into the hands of the police, who from yesterday to this morning pursued the hunt for the missing children without avail. Yesterday afternoon Mrs. Rowe saw the two little girls apparently at play in the creek bed. She called to them and they hastily ran away. In this morning's papers she read of the disappearance of the consul's children and immediately connected them with the two she had seen the day before. She sent Takafu to find them, which he did.

### This Imperial Prince Attains Real Romance

POTSDAM, May 25.—Engagement of Prince Oskar, fifth son of the German Emperor and Empress, to Countess von Bismarck, maid of honor to the Empress, was announced today.

Lively comment was aroused by the announcement, owing to the fact that the prince had been the first member of the Hohenzollern family since 1853. In June of that year Prince Albert of Prussia, brother of the old Emperor William, and the daughter of Prussia, married Countess Rosalie von Hohenhausen.

The Emperor's consent to the match is said to have been granted because of the lack of an available German Princess and to his aversion to a foreign marriage for his son.

## EXTENSION LIMITED BY TITLE

Corporation Would Be Known as California Railways Co.

Designation Will Embrace Entire System on This Side of Bay

Through a petition filed in the Superior Court this afternoon, the San Francisco-Oakland Terminal Railways asks permission to change its name to The California Railways Company, the action having been ratified by the board of directors at a meeting held on May 13th.

The change of name will embrace the entire railroad system operated by the F. M. Smith interests on this side of the bay, including the Key Route, the East Shore and Suburban Railway, the old Oakland Traction Company and its allied lines, and the old California Railway Company, which operated a line from the estuary to the quarries beyond Mills College.

LIMITATION IN NAME.

Attorney W. H. Smith of the firm of Mordecai & Smith, representing the corporation, stated that the change in name had been decided upon for the reason that "the old name was cumbersome and limited the extent to which the railway might expand its properties in the future."

By the change of name Attorney Smith said the San Francisco-Oakland Terminal Railways would take over all the power held by the old California Railway, its rights and its franchises, assuming the latter corporation's name.

The California Railways was incorporated as a railroad a number of years ago and is today operating cars over the Twelfth street line of the Traction Company as far as Thirteenth and Washington streets. The provisions of its franchise are different from those of the Traction Company, being under a State franchise.

It is believed that the change will be a material one, affecting the operation of Key Route trains over Traction Company lines and possible extension of these trains into outlying territory not now reached. In assuming the name of the California Railways Company, the San Francisco-Oakland Terminal Railways also takes whatever privileges the smaller corporation held in operating its cars under the state franchise. This will be somewhat more extensive than the powers of the present traction company's lines.

Attorney Smith, in speaking of the matter, intimated that further extensions would be made. These have been spoken of from time to time, and recently President Moore of the Terminal Railway returned from abroad with new capital, a portion of which, it is said, will be used on the San Jose extension of the Key Route, known as the San Jose Short Line. The change in name asked for today is looked upon as being material in the plans of the corporation in extending its properties.

### Driver Is Killed by S. P. Electric Train

BERKELEY, May 25.—The Elboworth street electric line claimed another victim this afternoon when a train hit the Virginia street.

Perkins received injuries which require a lengthy stay in the hospital. J. J. Quinn was conductor and B. F. Roberts, motorman on the Elboworth street train. According to the fireman at the corner of Parker and Elboworth streets where the accident happened, Peterson backed his rig into the path of the train.

## U. R. R. TO CONSIDER FINANCE

Lilienthal to Lay Calhoun Matter Before Board

(Continued From Page 1)

books of the United Railroads was because of entries they contained in connection with money spent as the result of the graft prosecution here. When President Lilienthal was asked today if that was not a fact he replied with a statement that rumor had all along characterized the removing of the books from this state.

Funds Used for Expanding U. R. R., Declares Calhoun

NEW YORK, May 26.—Declaring that the funds he withdrew from the United Railroads were used to expand the company's operations and that the directors knew he was to invest in the Solano Farms project, Patrick Calhoun today made public a lengthy answer to the charge of the California Railroad Commission that he had used the funds for his own purposes.

"When I recently presented the report made on me by the railroad commission, I am glad of the opportunity to lay certain facts before the public without appearing to burden it with private differences or to seek to lessen the evidence which the commission has presented. The Solano Irrigation Farms has subjected me to a great deal of criticism, heretofore apparently just and which I have greatly disliked to bear in silence. I am, that I entered upon the Solano project without a cent of capital, nor entirely disappears."

ENTERPRISE SOUND.

"Everyone can appreciate that in starting this enterprise, backed by the resources of the United Railroads, it was entirely sound. As this statement proceeds it will appear how the enterprise lost this support and that of other stockholders, on whom, as a prudent business man, I had a right to rely.

"The commission and I agree that the stockholders of the United Railroads, in August, 1912, clothed me with the widest powers, and the only limitation put upon my authority to invest the money of the company was my own judgment as to the wisdom of the investment.

"This was quite proper. I was and am the largest common stockholder of the United Railroads Investment Company and had successfully carried the United Railroads through the most trying ordeal to which any street railroad company was ever subjected and had saved it from receivership when certain of my associates, in despair of surmounting the financial difficulties surrounding the company, had urged the appointment of a receiver.

FINANCIALLY PROSPEROUS.

"So successfully had the company been financed that in January, 1913, the United Railroads was practically without floating debt in the hands of the public, and through its sinking funds had decreased its bonded indebtedness since 1907 more than \$1,000,000. I repeat, in spite of earthquake, fire, strike, rebuilding and re-equipment, the United Railroads since 1907 has not only not increased its obligations in the hands of the public, but has actually decreased them by many millions. What other important public work in or out of California can top us much?

"Clothed with ample power, the United Railroads, through me, embarked in the Solano project. As a man of land speculation. Not at all, but for the reasons which I shall proceed to give, which I believed in 1912 to be sound, and the correctness of which subsequent events have tended to confirm.

NO CAUSE FOR ALARM.

"The commissioners and I fully concur in the belief that, through the operation of the fixed sinking funds provided in the act of March 1, 1907, approximately \$2,000,000 of indebtedness will remain unpaid when the 4 per cent bonds mature in 1927, only a few years before several important franchises expire. This, however, need cause the bondholders no alarm, for under the precedent established in the earliest years of the lower market street tunnel and the purchase of the Presidio and Peoples street line, the city is now committed to the payment of the bonds as they mature.

GROWTH AND SENILITY.

"Where growth ends senility begins. Two policies there were and are now open to the United Railroads. One is to conserve its present lines during the life of its franchise and at their expiration turn them over to the city at a fair price for its physical properties. In that way he certain death, and in that way, in my judgment, his small hope for the stockholder for with increasing municipal competition and a large bonded indebtedness to be paid, the return to the stockholder must be small.

"The other policy is one of expansion—policy conservatively but boldly constructive. As the United Railroads cannot expand within the city limits, it must expand at all outside of the city. Now, where can the United Railroads expand to the greatest advantage to its bondholders, its stockholders and the state? The man is blind who does not see that the building of the Oakland and Eastern and the building of the bridge over the Sacramento river just below the mouth of the San Joaquin river present opportunities for the development of electric transportation in the Sacramento valley never before offered.

G. A. HAS HELPED.

"The Oakland, Antioch & Eastern connecting with the Northern Electric opens up the east side of the Sacramento valley. The Vallejo and Northern and the Western Sacramento valley can be developed, and, if properly developed, one of the most important systems of electric roads in the country. A few miles will complete a belt line around the bay, connecting the Pacific Northwest with the Atlantic and the Southern Pacific near West Astoria.

"The control of the vast reservoir of fresh water in Cache and Lindsay sloughs furnishes the key to the development of that large and fertile area on the western side of the lower Sacramento valley, of which the Solano project forms a part. It is this practically limitless amount of fresh water is economically used to irrigate that large area of fertile land and a belt line is built around the bay population and business of adjacent territory will largely increase and insure the success of the converging system of electric roads which are dependent upon the development of the territory tributary to them, and this development can only come through the use of water.

"In the development of this important water supply and later the construction of the interior system of electric roads, the United Railroads is the greatest factor of the United Railroads.

## CONSUL'S CHILDREN FOUND IN CREEK

Chinese Official's Daughters Wander Day and Night, Hungry.

(Continued From Page 1)

They understood Japanese and told him who they were. He took them back to the house, where the police later received them and removed them to the police station, where Consul and Mrs. Shu later this morning, with tears and embraces, recovered the missing pair.

CHILDREN HUNGRY.

Though both little girls could speak Chinese and Japanese with equal fluency neither knew a word of English. They had lived in Northbrae out ten days and consequently were strange and afraid to approach any one whom they saw. As night approached yesterday they crept into the covert of the willows at the Codornices creek and there slept pillowed in each other's arms.

From night before last until this forenoon neither child had had a bite to eat, but their father and mother found them very glad to get back home and apparently but little harmed by their privations.

A thirty-hour search by the police of all the bay cities had failed to throw any light upon the mysterious disappearance until the children were found in the creek bed today.

The girls are Siao Gual, 13 years old, and Min Yien, 10. A son of Consul and Mrs. Shu is studying in Belgium. Only these two children accompanied him to this country, where he arrived May 1, to take office five days later.

The two girls slept in the room next that occupied by himself and his wife. Yesterday morning he went to their room to find it empty. Their clothes they had worn the night before were also gone. Their bed had been slept in by them apparently during the night.

## VALLEY IS FLOODED

Irrigation Dam Breaks; Warning Saves Lives, But Homes Go.

GARFIELD, Hatch, May 26.—The dam of the Hatchtown Irrigation reservoir, in Garfield county, 65 feet high and 300 feet long, broke last night and released a flood which is rushing down the Sevier River valley.

Telephones and horsemen warned settlers and no lives were lost, but many persons are homeless. Wire communication was interrupted this morning and fears are entertained for the safety of the Piute reservoir, further down the river.

The break is attributed to a landslide.

## Walk in Mud When Auto Is Disabled

GRASS VALLEY, May 26.—Compelled to walk through the mud in their daily Mary Janes for the greater part of the 12 miles, 32 young women of the local Christian Endeavor Society, who were stranded near the Kennedy ranch, while en route to an auto truck to attend the joint meeting of the Nevada and Placer Christian Endeavor Societies, arrived in the city early Sunday morning, tired and weary, their shoes and habiliments begrimed with mud.

Near the Kennedy ranch the truck skidded and narrowly missed going over a deep embankment with the result that the engine was disabled.

Some of the young women, unable to make the trip back to this city, were obliged to take lodgings in the farm house all night.

PETITION AS PUT.

"We, the undersigned, qualified electors of Oakland, hereby request that a new election be called, as soon as legal requirements may be complied with, an election to vote upon the proposition to incur an indebtedness of \$300,000, with interest thereon at 5 per cent per annum or less, for the continuing completion and furnishing of the Municipal Auditorium of the City of Oakland, now in course of construction, being the same proposition that was voted on at the special election held in the City of Oakland on May 19, 1914, said election to be held in accordance with the provisions of an act of the Legislature of the State of California, entitled 'An Act authorizing the incurring of indebtedness by cities, towns, etc., for municipal improvements, and regulating the acquisition, construction and completion thereof,' as amended by Chapter 25, 1913, and acts amendatory thereof."

This is quick work," declared Mayor Mott. "Much quicker than I had expected. There is nothing for the city to do but obey the law and call the election, if the names are good correct."

"It is cast this time," declared King. "There will be enough precious and we will try to arouse interest. It was again, last time that did the damage. That snowed from the way the people are getting these petitions signed up now."

3277 Telegraph avenue and went to live with her brother in Sacramento. "It was all a mistake. I don't love you," was the frequent assertion of Mrs. Smilie to her husband, according to testimony in the case by Mrs. Mary A. Smilie. Although he showered his beautiful young bride with gifts, she did not appreciate them, telling him that while she appreciated gifts in general she did not from him.

While en route to California from Minneapolis, where the wedding had taken place on February 29, 1912, Smilie testified that his bride inflicted cruelty upon him by saying that she "had made a mistake," and that when she said she wanted to marry him she had spoken falsely.

During the brief time the couple lived together in the Smilie home on Telegraph avenue, the husband said his wife had left the floor of their apartment covered with trash and his photograph on the mantle face downward. His letters to her in Sacramento, to were left unanswered, he said, and finally he consulted Attorney Schwartz and Powell, who filed his divorce suit, charging cruelty.

Smilie sought to transfer the action to Sacramento and neglected to protect her rights in Alameda county, with the result that her husband obtained a default. This was subsequently set aside and her motion for judgment was granted.

Among the large holdings of the Smilie Estate Company was the Hotel Metropole and other valuable business properties in Oakland and Berkeley. Smilie is a graduate of the University of California.

## MEDIATION PLANS ARE AGAIN HALTED

(Continued From Page 1)

MAZATLAN, May 26.—General Buelna, who has been appointed governor of Tepic since the constitutionalist occupation of that city, has forced financiers there to loan \$50,000 to the Carranza government for the payment of the troops and other military expenses. This information was conveyed to the rear admiral of the American fleet here.

The Japanese cruiser Izumo, which has been at anchor in Mazatlan harbor during the artillery duel between the two Mexican vessels, departed today for Mazatlan, where it is expected to arrive at a Japanese merchantman at the southern port May 27.

Word has arrived from Tepic that Theodore Jones, an American who had been held in prison there by the federalists on the perfidious charge of murder, has been released by order of General Buelna.

LIBERAL TO CALL ON CARRANZA.

EL PASO, Texas, May 26.—Fernando Iglesias Calderon, a leader of the liberal party, was here today on his way to confer with General Carranza, leader of the constitutional movement. The visit was considered significant in that it bespeaks Mexican observers' conviction, a whole effort on the part of the radical parties of Mexico.

Calderon was released from Juan Uloa penitentiary at Vera Cruz by American troops when they occupied the coast port. He had been imprisoned by Huerta officials, it is said, on account of his political activity. He will proceed soon with special traveling accommodations to Durango or to Torreón to meet the constitutionalist commander-in-chief.

GRATEFUL TO MINISTER.

MEXICO CITY, May 26.—The Brazilian minister received a cablegram last night from Secretary Bryan informing him that the American colony in Mexico City had notified the American government that it was greatly pleased at the conduct of the minister in caring for American interests and expressing thanks "for the untiring and splendid services you have rendered Americans and for your watchful care in their behalf."

A wireless message from Guaymas reports that one of the constitutionalist leaders operating in Sonora had offered his services to Huerta. He had 500 armed and mounted men under his command.

BROWNSVILLE, Texas, May 26.—An embargo on the exportation of live-stock from Texas was announced at the constitutionalist military headquarters at Matamoros. This action resulted from the steady export of cattle despite the duty of \$10 in gold placed on each head.

The international bridge here in Texas came over yesterday from Mexico.

## STATE'S BANKERS READY TO MEET

Financial Giants Will Gather in Oakland to Discuss Progress.

(Continued From Page 1)

W. W. Woolsey will extend the greetings of the city administration.

OPENS WITH CABARET.

The program will open with a cabaret show by George O'Connor, Norman Dent and Beth Lamar of a local cafe. Milton Schwartz and Max Horvitz will appear in special monologues and stunts have been arranged by George Nelson and James McIntire. Alexander Stewart will present a number of musical selections and there will be professional acts from local vaudeville theaters. A buffet luncheon and smoker will conclude the evening.

Mayor Frank K. Mott will deliver the formal address of welcome to the bankers at the first business session tomorrow morning and the response will be made by William A. Taylor, president of the Santa Cruz County National Bank.

President L. P. Behrens, cashier of the First National Bank of Redwood City, will read his annual address, after which the reports of officers and committees will be made.

A symposium on the federal reserve act will follow, in which many of the delegates will participate, including F. L. Linman and James K. Lynch of San Francisco, Stoddard Jesse of Los Angeles and George W. Pelletier of Sacramento.

TEA FOR WOMEN.

During the afternoon session the women of the party will be entertained at Piedmont Park with a tea and an inspection of the art treasures in the gallery.

In the evening the delegates and their ladies will be the guests of the local entertainment committee at a theater party.

Thursday afternoon an automobile ride about Oakland and its environs will show the visitors the unrivaled beauties of the east bay region.

A reception at 11 o'clock in the Hotel Oakland will mark the evening of Thursday as a gala occasion and hundreds of invitations have been issued to local citizens. Friday will be devoted to an excursion on the bay, including a visit to the grounds of the Panama-Pacific Exposition.

EASTERNERS PRESENT.

A number of prominent bankers from the East will attend the convention as guests and speakers on special topics. Among them are F. A. Crandall, vice-president of the National City Bank of Chicago, Frank D. Brundage, assistant manager of Knauth, Nachod & Kuhne, the international banking house, Colonel F. E. Farnsworth, general secretary of the American Bankers Association, W. E. Purdy of the Chase National Bank of New York and John R. Washburn of the Continental and Commercial Bank of Chicago.

## MISSING BOY FOUND AT HOME OF FATHER

George Wilderman, an 11-year-old boy reported missing yesterday by his mother, was located today by the police at the home of his father, George Wilderman, a brickman, at 1225 Fifty-third street. According to the police report, which has been turned over to the Associated Charities for investigation, the boy has been allowed to roam in the streets since his mother and father were separated and has not attended school. An effort will be made to place the lad in a suitable home.

According to the police the mother has been providing for the boy and his 6-year-old sister, Marjorie. The father is charged by the court to support the boy and had placed him in the home of Mrs. George Ingham, 1245 Fifty-third avenue, from which he fled.

Big MacMillan Expedition Gets  
Neither "Tick" Nor Buzz  
From Civilization.

NEW YORK, May 25.—Although the wireless telegraph has been used for years as a means of communication with civilization from the frozen north, it has not yet been heard from the MacMillan expedition to Crockerland.

Thus reports Donald B. MacMillan, head of the expedition, in a letter from MacMillan to the museum officials here. The letter was dated Etah, North Greenland, January 10, 1914.

MacMillan said all members of his party were in good health and anxious to start their contemplated trip of over a thousand miles in a temperature ranging from thirty to ninety degrees below zero from Etah to Crockerland.

He expected to make the dash about February 10 and said he would take of the trip twenty-one men and 160 dogs.

BUILT "CASTLE"

"Will do my best to do all the work."

When the expedition was started, the wireless telegraph was expected to be of great service. It was expected that the expedition would be able to communicate with civilization at all times. However, the wireless telegraph has failed to work, and the expedition has been isolated from civilization.

## COAST AUTO ROAD GOOD AT PRESENT

L. H. Bill Visiting Friends in  
Bay Cities During  
Brief Stay.

(By EDMUND CRINNION.)

The coast road from Los Angeles to Oakland is in excellent condition for automobile touring, according to the reports given to Manager W. L. Webber of the local Don Lee Cadillac organization by L. A. Scott, who has just completed the trip from the southland in his 1914 Cadillac car.

Scott is a native of Ontario, and is shipping his car by boat to Vancouver, where the car will be shipped by train to Calgary.

Scott reports 4250 miles since he received the car several months ago in Los Angeles and three of the times have the factory air. He has had but one puncture and all four of the original tires are still good.

Scott is a member of the firm of Scott & Hartman, brokers at Calgary, and is hurrying home on account of a big strike, which is reported within twenty miles of Calgary and a field in which he is interested.

## LOUIS BILL IS HERE.

L. H. Bill, assistant general manager of the Thomas B. Jeffery Company, arrived in San Francisco yesterday. Bill is one of the few men who have gone from the West to take prominent positions in the Eastern automobile industry, and the results of his two years' management of the Jeffery factory is the remarkable increase in the sales of the Jeffery line of pleasure and commercial vehicles. Not only did he accomplish a decided increase in the sales of these vehicles, but he also brought out entirely new designs for the pleasure cars and motor trucks in that short time.

## WELL KNOWN TO WEST.

Bill is one of the best known men in the western automobile trade, having had charge of the Jeffery Company in this territory for several years, and his promotion two years ago to the active management of the big Jeffery factory was the result of his service in this state. RACE HISTORY IN THE MAKING.

The kettles that have been simmering for some time past is about to boil. Indianapolis is the kettle and race enthusiasm the fire that has grown into a big war, and still grows hotter as the great day approaches. The bubbles rise to the surface in the form of conjectures, doubts, wagers, sage opinions and other evidence of the heat beneath the surface.

About Friday, May 29, the city will be a boiling thing of thousands upon thousands of spectators, and the surface will be a sea of fire. Seats will be at a premium around the great arena, called the speedway.

By 10:30 Saturday morning, the surging throng will have poured down to a compact mass of tense, expectant spectators, waiting with bated breath for the start. Each person in the vast aggregation of probably 100,000, their eyes on their favorites, will await the report of the starting signal gun. A hush—a hush—a hush—then they are off.

There is a factor unnoticed by the spectators, however, which will be a heavy burden of responsibility. Races are won or lost according to the endurance or lack of endurance, in the hoofs of rubber called tires.

Last year Jules Goux staked his faith on Firestone tires, after trying out many brands. True to their responsibility, his tires served him faithfully, and he won the 500 miles without change. Spencer Wishart, also using Firestone, came in second with three of his original tires crossing the line at the finish.

The greatest in history, new history will be made this year without question. COMMERCIAL FACTORY HAS NARROW ESCAPE.

The Commerce Motor Car Company of Detroit on Friday had a narrow escape from the explosion which made a total wreck of the adjoining plant of the Mexican Rubber Company. While the explosion was terrific, demolishing the

heavy machinery and killing ten men with scores of wounded, the only damage suffered by the Commerce factory was the loss of thousands of small window panes. Several of the windows were shattered, but the main structure of the building was unharmed.

## ALAMEDA COUNTY FAIR WILL SURPASS OTHERS

The directors of the Alameda County Fair association re-organized its personnel at a meeting held yesterday and outlined a program for the next fair to be held at Pleasanton, September 24 to 27. President T. H. Silver resigned his position, owing to the press of private business, and E. E. Hall was chosen to fill the vacancy. The new president has long been identified with the association and was one of the original proponents of the plan for holding county fairs. President Hall has appointed a committee to take charge of the fair, and has made arrangements for three days of speeding events, to include four races on each of the first three days of the fair.

## Eye Glasses Should Go Says New York Physician

Here Is His Free Prescription

"Many who wear glasses could dispense with them," says a New York physician. "The eyes of old and young should be properly bathed night and morning. This is more important than wearing 'teeth,' says he, and then he goes on to say:

"The following treatment is worthy of being considered as a preventive of eye trouble, and is perfectly harmless to the weakest eyes. Go to the drug store and get a box of Opton eye drops. Dissolve one of the two-ounce bottles of water and bathe the eyes two to four times daily. What is generally known as 'strain' will soon be banished. The eyes will be clear and healthy, and it keeps good eyes healthy. It is absolutely harmless in use. It does not smart or burn, has a wonderful effect on irritated lids and is especially recommended for dull, heavy or glassy eyes. It helps all eyes and should be in every home for use in emergencies."

"I find Opton very satisfactory and recommend it wherever I find an opportunity. I find it very soothing."

"I've been benefited by Opton and intend to follow the treatment."

"Have been using Opton for about three months and it has greatly improved my sight."

"My eyes have been sore for several years, were red and inflamed. Used everything recommended and gained no relief. I had my eyes examined and wore glasses for six months. I read of Opton and thought I would give it a trial. Am

factory relief, and have not worn my glasses since. I feel my eyes do not need them. It may do wonders for you. Do not become a victim of neglect. You perhaps have your eyes more than any other organ, therefore it's your duty to protect them. This free prescription has given relief to thousands."

## HOT WORDS FLY FAST OVER ZONE ORDINANCE

Stormy Session of Council Marked by Rapid-Fire Charges

Following a stormy session, during which Mayor Mott ordered Henry J. Bartlett, representing the Realty Syndicate, to his seat in the lobby, Mrs. Thomas Watson and Wilbur Walker of the Merchants' Exchange, engaged in a bitter argument, and Chief of Police Petersen was ordered by the mayor to maintain order in the lobby, the city council today laid over the Industrial Zone ordinance, introduced yesterday, for a special conference to be held Thursday afternoon.

The ordinance which was introduced following the attempt of Mrs. Watson and others against a planing mill, proposed to be erected at Fort-street and Opal streets by F. P. Gallagher, was favored by these same opponents. Walker, with M. M. Jones of the Manufacturers' committee, quiet the lobby and see that order is maintained. Chief Petersen then ordered the crowd in the lobby to maintain order.

That the description of the zones, as drafted in yesterday's bill of the ordinance, is faulty was reported by a note from the city engineer's office.

REBUKES WALKER. "Mr. Mayor," shouted Wilbur Walker, "Just let me get in a word edge-wise!" City Attorney Woolner, Assistant City Attorney Beardsley, and Perry F. Brown, City Engineer, then discussed boundaries on the map filed by Brown.

"We were promised a conference," said Walker, "and we want it. We have not seen the ordinance at all yet."

"Well, the mayor has, and that ought to be enough," said Mrs. Watson. "We residents are protesting for the sake of money."

A conference was finally decided upon for Thursday afternoon at 2 p. m. This was the first time since the introduction of the ordinance that the council had laid over a bill.

Mayor Mott to Bartlett. "You had no business selling that land for a planing mill in a residence district."

"You do not know what you are talking about. That was recognized as business property," declared Bartlett.

"I won't listen. There's nothing before me. Take your seat!" said the mayor.

"Can't I speak, then?" asked Bartlett.

"No!" said the mayor.

"There is nothing to speak on. This planing mill protest is not in order."

"I was refused a building permit that the law says I have a right to," declared Gallagher.

"That's up to the building inspector," declared Mayor Mott.

"Where do I get my rights, then?" demanded Gallagher.

"There!" said the mayor. "See the building inspector. There's too much talking here, and I won't have it! Chief of Police, maintain order. The council is in session and I won't have any more of this disturbance."

ANSWERS MAYOR. "You do not know what you are talking about, Mr. Mayor," said Bartlett. "This land was always advertised as business property."

I have been refused a building permit," said F. T. Gallagher, owner of the land, who plans the protested mill. "I want my rights."

"That is not up to us," said the mayor.

"Where do I get my rights, then?" asked Gallagher.

"Well, the matter is closed here," said the mayor. "Mr. Chief of Police, maintain order."

## MORGAN AFFAIRS UNDER SCRUTINY

New Haven Hearing Is Postponed; Ledyard Refused Immunity Privilege.

WASHINGTON, May 25.—Further testimony before the Interstate Commerce Commission on the alleged affairs of the New Haven Railroad was postponed today until Wednesday, June 3, to permit special examiners to inspect the books of J. P. Morgan & Company and other personal papers of the late J. P. Morgan.

The delay coming closely on yesterday's conference between President Wilson and Attorney General McKeenholds and resident reports that the investigation would probably be halted caused a great deal of speculation, but there was nothing official to bear out the view that the conference of yesterday was responsible for today's development.

Ledyard refused a statement that he wanted to deny much of the testimony of Mellen and protesting out his testimony being taken.

NO IMMUNITY. Ledyard was handed a letter, written by McChord under today's date, saying in part:

"It is quite true you were served with a subpoena some weeks ago and the decision at that time was to place you on the stand."

Since then, however, developments have been such that the Commission has subpoenaed Ledyard to appear on June 3, and you may take this letter as cancellation of the subpoena.

Ledyard after reading the letter, announced he would accept the suggestion that he be a voluntary witness.

Examiner David Brown told of efforts he had made yesterday to see William Rockefeller in New York. He was informed both at Rockefeller's office and home that he had been away several weeks.

FREEHOLDERS WILL SOON BE ELECTED

City Council Orders Preparation of Necessary Election Ordinance.

RICHMOND, May 25.—The long and arduous task of drafting a new city charter will be held early this summer. City Clerk A. C. Paris reported to the council last evening that the petition asking for an election bore the required number of verified signatures and the city engineer had approved the ordinance.

Upon the submission of this ordinance on next Monday evening the date of the balloting will be decided upon a combination of circumstances.

TECHNICAL HIGH SCHOOL SUGGESTED

State Investigator Tells of His Findings in Industrial City.

RICHMOND, May 25.—That Richmond needs a technical high school where the young men and boys employed in the great industrial plants may be encouraged to complete their education was the statement made today by Rev. Carson Parker of Mill Valley, who recently completed, under the supervision of the state, a study of the housing conditions in Richmond.

Richmond has first class public schools; your housing conditions for boys are far above the average in most industrial cities and your treatment of the men who work is generally good. The city needs, however, parks and playgrounds and a public bath house. It has far too many saloons for a city of this size.

AWAKES TO FIND WIFE DEAD IN NEARBY ROOM

RICHMOND, May 25.—John Watson, a retired building contractor residing at 74 Hillside avenue, was shocked last night about 11 o'clock on awakening and finding his wife dead in an adjoining bedroom. Watson was awakened from his sleep by some noise which he is unable to explain, and he called to his wife to him in her death struggle.

He hurried into the adjoining room to find his wife dead. Mrs. Watson had been a victim of paralysis for several weeks, but was unusually well yesterday. In addition to her husband she leaves the following children: Mrs. Margaret Barrett and Mrs. John Welch, both of San Francisco; Mrs. William Travers Watson. Arrangements for the funeral will be announced today.

OAKLAND CONTRACTOR IS GRILLED BY COURT

RICHMOND, May 25.—R. F. Gaylord, an Oakland contractor, was given a severe grilling by Superior Judge R. H. Attorney H. J. Wildgrube \$25 alleged to be due attorneys for fees for a recent divorce proceedings in which Wildgrube represented the Oakland man who was formerly a resident of this city.

Gaylord claimed that he had been out of work for several months. Attorney gave Gaylord until June 1 to pay or to be adjudged guilty of contempt.

## LOSING HOPE WOMAN VERY ILL

Finally Restored To Health By Lydia E. Pinkham's Vegetable Compound.

Bellevue, Ohio.—"I was in a terrible state before I took Lydia E. Pinkham's Vegetable Compound. My back ached until I thought it would break. I had pains all over me, nervous feelings and periodic troubles. I was very weak and was losing hope of ever being well and strong. After taking Lydia E. Pinkham's Vegetable Compound I improved rapidly and today am a well woman. I cannot tell you how happy I feel and I cannot say too much for your Compound. Would not be without it in the house if it cost three times the amount."

Mrs. CHAS. CHAPMAN, R. F. D. No. 7, Bellevue, Ohio.

Woman's Precious Gift.

The one which she should most zealously guard, is her health, but it is the one most often neglected, until some ailment peculiar to her sex has fastened itself upon her. When so affected such women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

## NEWLYWEDS AT HOME IN HAYWARD BUNGALOW

HAYWARD, May 26.—Mr. and Mrs. Jesse Howard Andrade have returned from their honeymoon trip and are re-

siding in their pretty hill bungalow in Hayward heights, a gift of the bride's father, William Angus. The young couple intend to give several housewarming affairs this season. Mrs. Andrade before her wedding to Andrade May 14, was Miss Helen Angus, a popular member of the young society set.

## TRIP TO THE POLE, MEMBERSHIP PLAN

Hayward Epworth Leaguers Have Unique Scheme for Adding to Roll.

HAYWARD, May 26.—"Captain Peary's North Pole Expedition," enacted by Hayward Epworth Leaguers and which set out from Hayward four months ago at the same time "Captain Cook's party" set out has almost reached its goal. The Cook expedition, however, is striving to get there first. The penalty of coming in second is the serving of afternoon tea to the winners at "the pole," and both "Peary" and "Cook" wish to escape this humiliation. The race for the north pole is a novel idea adopted by the Hayward Epworth League to gain members. The league is divided into two "expeditions," one headed by Miss Agnes Nelson as Captain and the other by Miss Mary Ann Cook.

## CATTLE PRICES ON FARMS RISE

Hogs and Sheep Quoted at Lower Figures; Says Department.

WASHINGTON, May 26.—Farm prices for beef cattle advanced more than three per cent, but average quotations for hogs and sheep were lower on April 15 than on that date in 1913, figures prepared by the department of agriculture stated today. Cattle prices last month were \$6.29 a hundred, an advance of 21 cents. However, in Michigan, Iowa, Missouri and Kansas there was no change in cattle prices from 1913 quotations, and in Wisconsin there was a decrease of 30 cents a hundred pounds. State averages of prices for beef cattle showed greater variation than hog quotations. Last month's lowest average, \$4.30, \$4.50 and \$4.50, respectively, compared with \$8.50 in Rhode Island, \$7.60 in New Hampshire and \$7.60 in New Jersey, the highest. Other state averages were: Pennsylvania and Iowa, \$7.40; Maryland, \$7.20; Ohio and Kansas, \$7.10; Maine, Indiana, Illinois, Nebraska, \$7.00; Massachusetts, Missouri, Wyoming, Colorado, \$6.90; Nevada, Washington, California, \$6.80; Oregon, \$6.70; Colorado, \$6.60; New Mexico and Idaho, \$6.50; Delaware, Michigan, Kentucky, \$6.40; Virginia and Montana, \$6.30; Arizona, \$6.20; Oklahoma and Utah, \$6.10; Minnesota, \$6.00. In other states the prices averaged below \$5. The average hog price to producers on April 1 was \$7.60 a hundred, 14 cents less than that on that date last year. In all the important hog producing states from Ohio to Kansas the decline was from 30 to 40 cents, but in some of the New England states and in practically all the south except Texas and Oklahoma the prices were higher than a year ago. The lowest state average was \$6.10 in Florida and the highest—\$9.60 in Rhode Island and Connecticut. The average farm price for sheep was \$4.96, compared with \$5.16 a year ago. The real calf average was \$7.68. On April 15, 1913, it was \$7.35.

## Long Distance Telephone Service

"Two-Number" "Particular Person"

THE closely allied business and social interests of the Bay Cities, including Sacramento, Stockton and San Jose, have made possible a rapid toll service, known as

### "Two Number" Service

To make a "two-number" call, ask your operator for the desired number, preceded by the name of the city; for example, Sacramento, Main 123. Remain at the telephone with the receiver at the ear until the number called for answers, or the operator reports in the same manner as on a call for a local number. The service is called "two-number" because calls are made by number instead of by name. A charge is made when the number is obtained.

### "Particular Person" Service

To make a "particular person" call, ask for "Long Distance" and give the details of your call in the usual manner. The charge commences when the conversation begins. The rates for both services to the following points are here-with quoted:

### From Oakland to—

## PORTUGUESE WILL HOLD BIG FETE

Will Gather at Hanford for Pentecost Celebration; Plans Ready.

Hanford, May 26.—From all parts of the San Joaquin valley members of the great Portuguese order, Iles, will gather with Consul Flor Acroana No. 44 of this city when it celebrates its thirty-third annual observance of Pentecost Sunday, beginning Saturday, May 20, and closing Monday night, June 1.

Menlo Park, May 26.—John St. Clair, who has an international reputation as an orchid grower, arrived here from England to take charge of the famous orchid gardens of Joseph B. Coyle.

Fresno, May 26.—Dr. Henry St. George Hopkins, 50 years, who had been a physician of Fresno county for the past 23 years, died here yesterday after a brief illness. He was in active practice until three days ago.

Sacramento, May 26.—According to the Rev. M. E. Grant, pastor of the Church of the Holy Spirit, the city's tenderloin district was not wiped out of existence with the closing of the concentration camp more than a year ago, as the public has been led to believe. The district, however, is being cleaned up by the city and the Chamber of Commerce proposes to build an eight-story structure on its Seventh street property. The subcommittee on rentals of the chamber and the Retail Merchants' Association reported yesterday that the eight-story building would better pay for itself than the smaller one.

Woodland, May 26.—A Coast-wide scheme for enlarging the business of the Globe Grain and Milling company came to light here yesterday when it became known that the entire stock of the Woodland Grain and Milling Company, incorporated at \$100,000, has been transferred to the Globe company.

Hanford, May 26.—Because their father, Miror L. Doss, editor of the Times Republican, left them but \$1 each and bequeathed to his pretty stenographer, Miss Carrie Arvin, the remainder of his estate, valued at \$10,000, Mrs. Hazel Scurri, a daughter, and Clyde and Claude Doss, twin sons, are contending in a will in a hearing begun today in the Kings county Superior court.

### BOSTON BUSINESS MEN LEAVE FOR BIG MEETING

BOSTON, May 26.—Forty or more delegates to the sixth international congress of chambers of commerce to be held in Paris beginning June 8, sailed from Boston today on board the steamship Iaconia. A dozen or more representatives of Boston, as many as were delegates chosen from among business men of Chicago. The remainder came from all sections of the United States. A feature of the trip over will be numerous informal preliminary meetings on ship-board at which the American delegates will outline a plan of co-operation in presenting the various topics assigned to them. The party will spend a few days in Great Britain as guests of the British chamber of commerce en route to Paris. The invitation to visit England was extended at the 1912 Congress in Boston. Following the congress a tour will be made of France and Switzerland.

### POLICE EASILY DETECT SIX-FINGER SUSPECT

LOS ANGELES, May 26.—Having six fingers on his right hand proved the main evidence against James G. Morris, a negro, who was held for

today. He is accused by a local haberdashery of passing a check for \$15, purporting to bear the signature of Mrs. Anita Baldwin McCloughry, which proved to be fictitious. The clerk who cashed the check remembered that his customer possessed an extra digit on his right hand, and furnished with this description the police soon apprehended Morris.

### CONTRACT IS LET FOR VALLEJO BULKHEAD

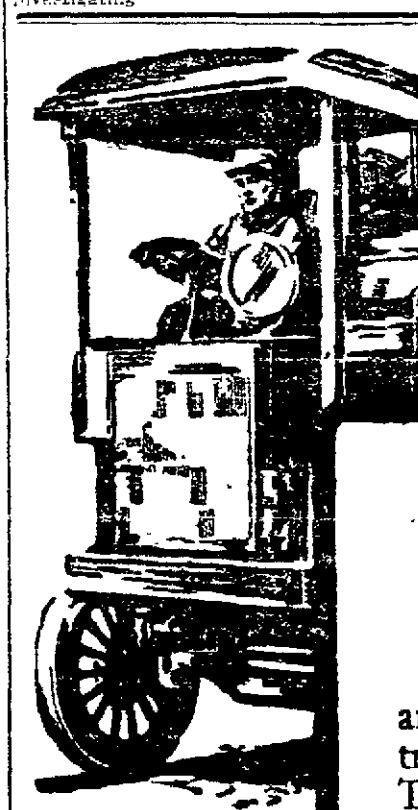

VALLEJO, May 26.—The Healy-Tibbitts Construction Company of San Francisco was this morning awarded the contract for constructing the long municipal bulkhead between Vallejo and Sausalito. The bid of \$14,000 for doing the work was accepted by the city council. Bids for this work were opened several weeks ago, but the award of the contract was delayed until further progress was made in the matter of having tidegauge claimants sign up for the waterfront improvement project.

### PLAN BIG FIESTA.

VALLEJO, May 26.—The members of the S. C. D. E. S. have issued hundreds of invitations to the Festival of the Holy Ghost which is to open next Saturday evening with a grand ball to be given in the new hall recently completed in Colusa street, a few blocks north of the Cyclo-drome baseball grounds.

### INVESTIGATE SWINDLE.

VALLEJO, May 26.—Posing as a sailor, a bogus allotment clerk, a swindler succeeded in fleecing a Los Angeles bank out of \$25. A report was made to the yard police and Police Master Wadala is investigating.

### Will Honor Memory of Song Writer.

An Ohio employee while at work in a machine shop became entangled in a belt with the result that his wooden leg was crushed. He applied to the State Industrial Commission for compensation, pleading that to him this wooden leg was as much a part of his personal apparel as his clothing. The board of directors of the Industrial Commission was divided on the question of whether the wooden leg was a part of his personal apparel. The board was composed of five members. He was turned down, the board holding that a wooden leg is "wearing apparel." While not questioning the wisdom of the ruling, we suggest that if this decision is carried to its logical conclusion false teeth will in future be an article of dress instead of a convenience.

If all these assertions are fact, and the agricultural papers give the declarations credit, the value of the "dasheen" cannot be overestimated, when it is considered that they grow easily and in great quantities. A plant that furnishes tubers the equal of potatoes, produces shoots with the flavor of mushrooms and greens; the equal of spinach is certain to take a leading place in the food supply plants of the State, and should this climate prove to be adapted to their growth another great field of industry is opened up.

DIAMOND FLASHES

By L. B. GROSS.

Remember Bobby Clemens, the outfielder who was with Oakland last year and who looked like a wonder one game and a terrible moping glory the next? Well, he's simply baring up the Texas circuit as a member of the Waco club. During the last week's statistics we have received from the Texas country, we note that Clemens came to bat 27 times and got eight hits, including two two-baggers, two three-baggers and one home run. Incidentally he figured in two double plays and had a perfect fielding average.

Federal league statistics show that the outlaws are still battling the ball at an outrageous clip bearing out the story that a much livelier ball is being used in that circuit. Coast players are doing their share of the hitting, as witness: Eastern 303, Krueger 303, Chadbourne 287, Goodwin 332, and Kenworthy 287.

Waco two and lost one, Seaton has won three and lost two, and Groom has won three and lost three.

"Sunday morning baseball games will be continued in Oakland, Sacramento and Venice as provided in the schedule," declares President Baum.

"Also the Venice club will continue to maintain its park and franchise in that city. There have been hints that the Venice club would be moved, but in no case did anyone speak with authority or a knowledge of the league's intentions, the Times."

By virtue of their win over Detroit yesterday, the Washington American League team is now within half a game of the top of the heap. Walter Johnson pitched for the Senators and was never in danger of losing, but seven strikes for one run, while his team mates were walloping out 11 bingles for a total of ten runs.

Death Valley Scott added another victory to his string yesterday when he blanked the New York Yankees, allowing them to get a grand slam. But six balls were out of the park, and the Yankees being in base hits and the other three fly balls to the outfielders.

As Walter Schmitt of the Seals has been out of the game for the past two weeks, on account of a split finger, he was unable to defend his title of leading batter in the Coast League. For the past week Leard was leading with 15 stolen bases to his credit. Schmitt is tied with 14. Bill Leard of Venice fourth follows: Quinan (O.), 11; Shinn (S.), 11; Maggart (L. A.), 11; Schuller (S. F.), 10; and Page (L. A.), 10.

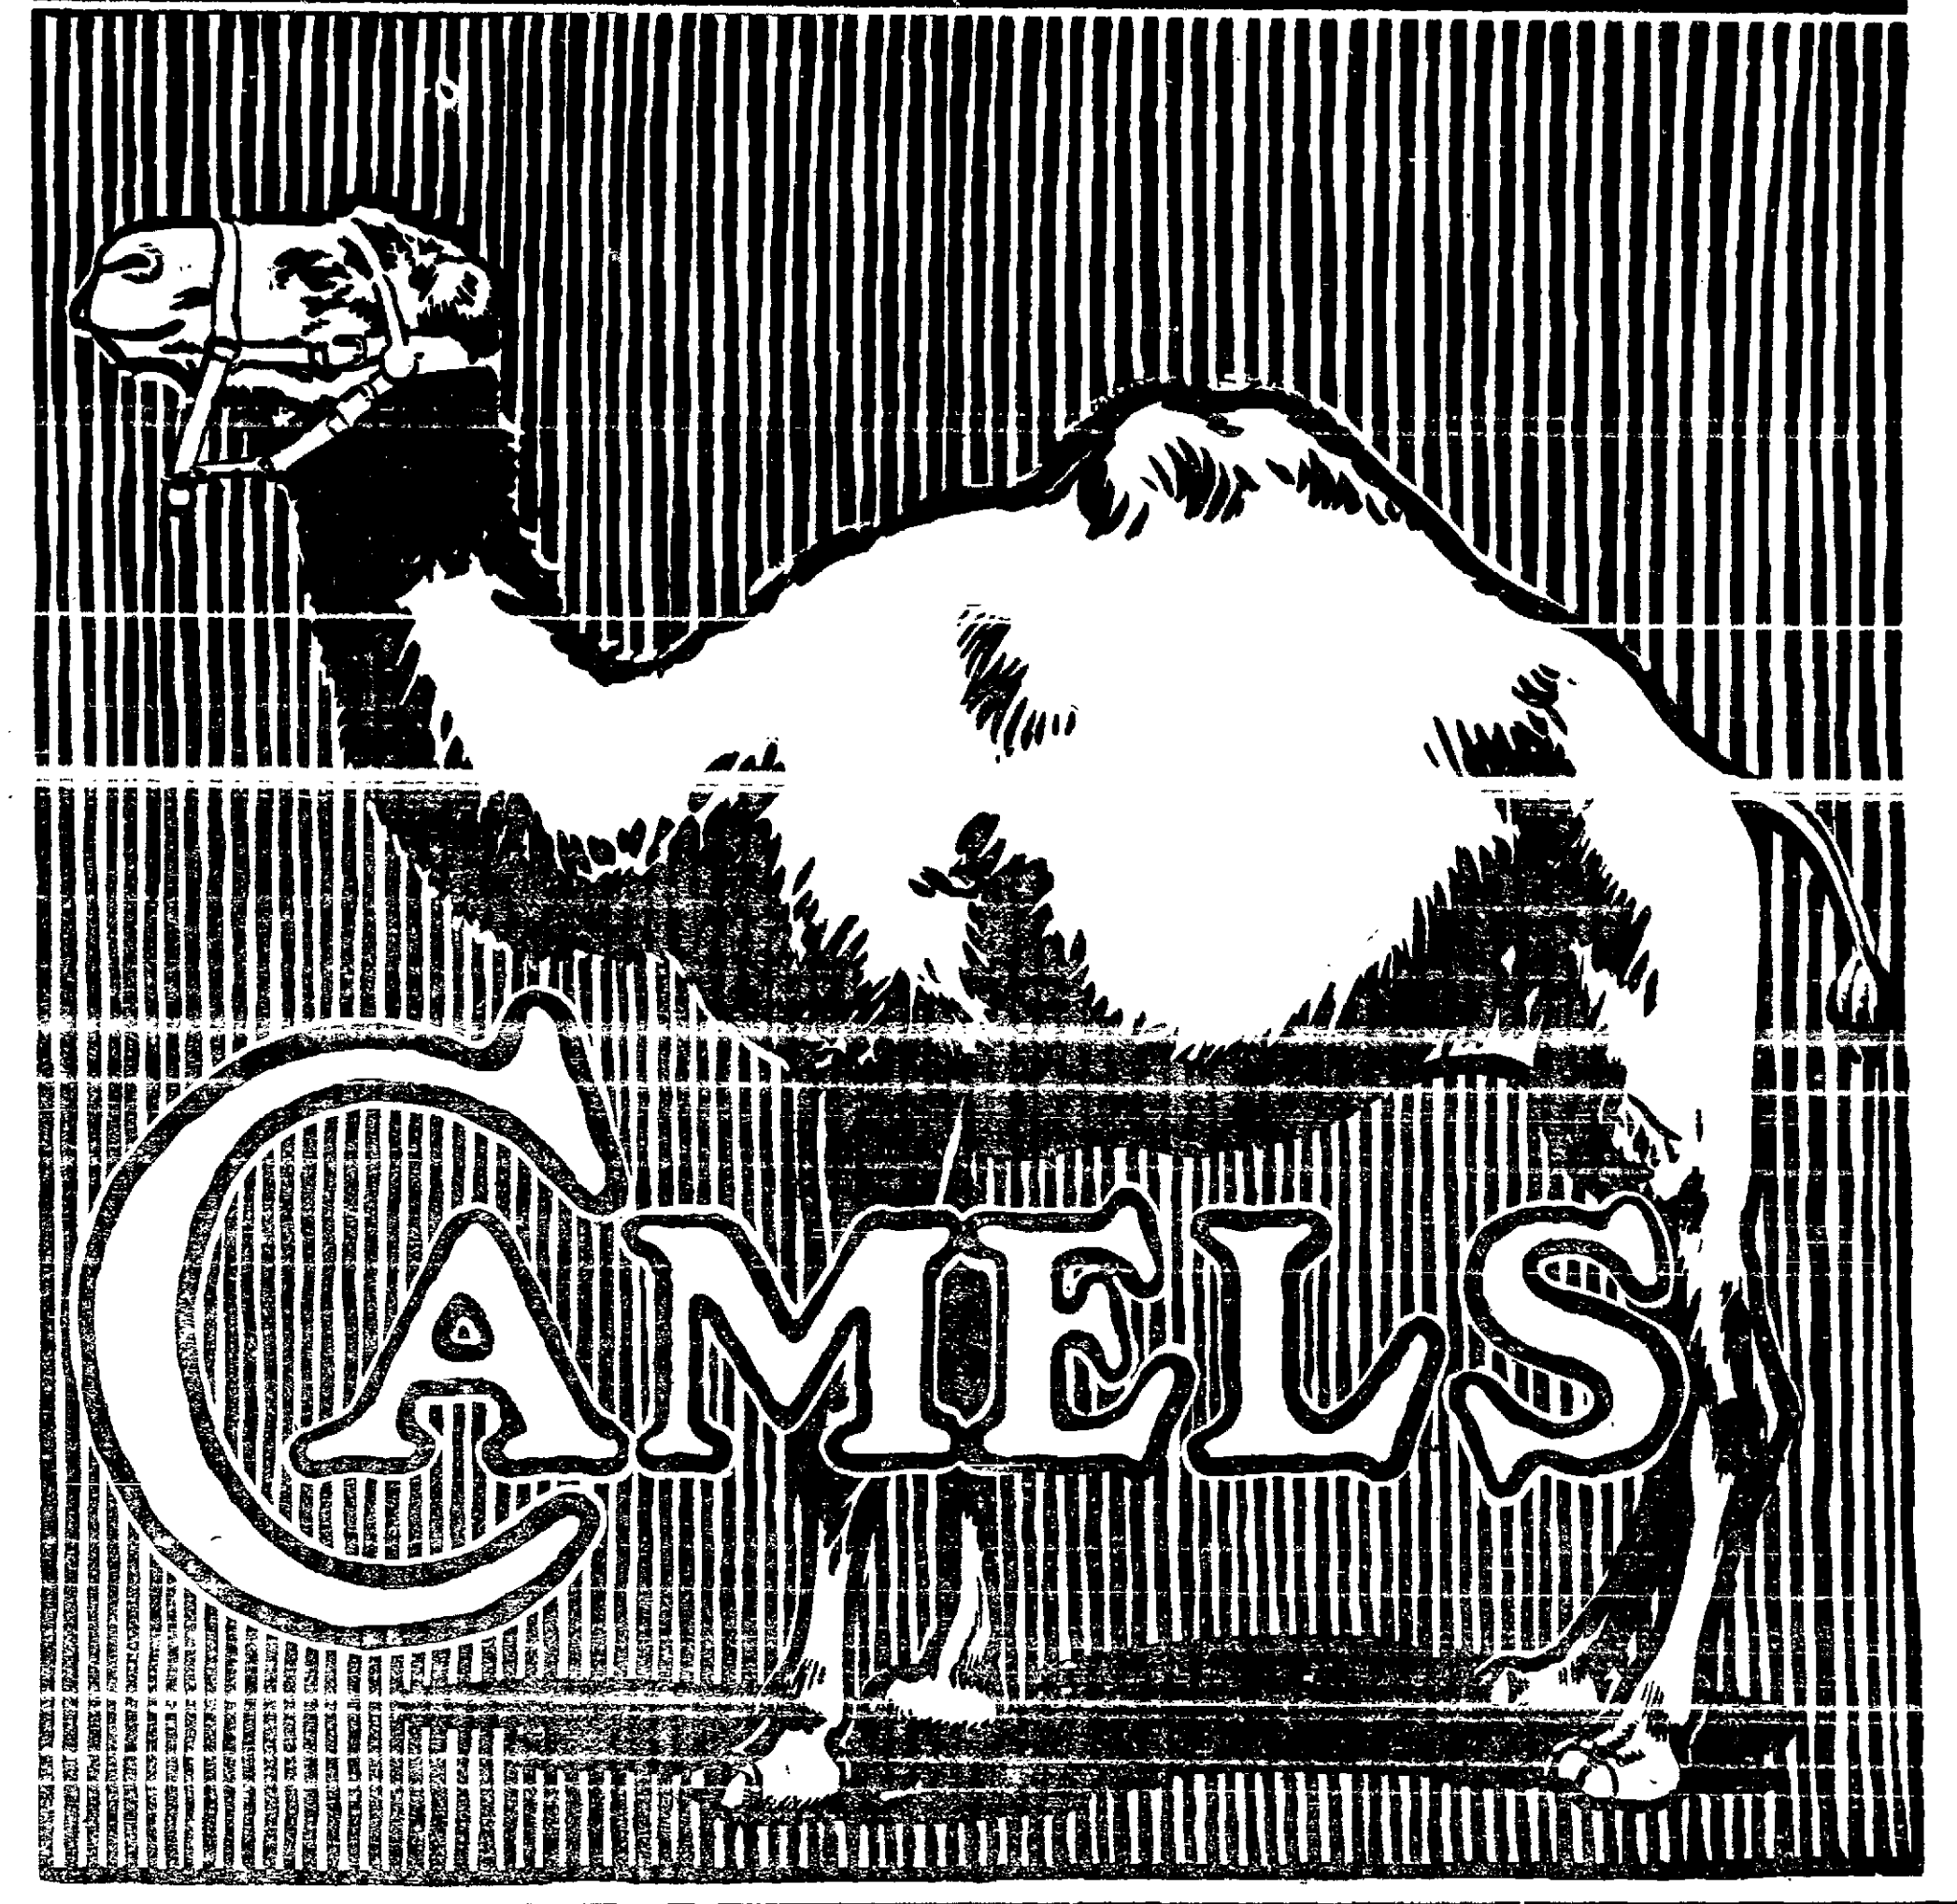

Bill Leard, the former Oak, now sporting a Venice uniform, is all the candy that the Coast League has to offer. But Leard is not the only one who is getting a lot of candy. The Oaks are spending a lot of money in the south, where they open up today with Han Hogan's league leading Tigers in the first contest of a seven-game series. The Tigers are interested in the result. Devlin's new playing order has been in the Tigers' line up as the last time these two teams met, the Oaks took a 10-0 victory, with the old com-bination in the field.

Walter McCredie returned home to Portland, highly elated over the showing he made in the last game of the season. The Oaks and Walter looks for his last year champions to give any team in the league a fight from now on. This week the Oaks will play the Angels a few days, also badly at the hands of Howard's educated Seals last week, but if Dillon stays in shape, the series will not be one-sided.

Charles Hayes and Guthrie will officiate in the Seals' series against the Oaks. McCarty and Held go to Los Angeles while Hunley and Phyle work in the north.

F. C. Carr, president of the Spokane baseball club, has purchased the club from the Spokane and Inland Empire railroad for \$15,000.

The committee in charge of the arrangements for the big booster and sightseeing excursion to Sacramento on Sunday, June 15, for the afternoon game in that city between the Oaks and Venice have the details well under way, and ticket reservations may be made within a few days. The party of a trip over the Oakland, Antioch and Eastern Railroad which runs through beautiful Redwood Canyon to Contra Costa county, linked with the ball game at Sacramento will no doubt attract a large number of fans. The committee promises several additional features, such as a ten-piece band in attendance, an auto parade through Sacramento, and a luncheon at a hotel Sacramento before the game. As the excursion is to be limited, an announcement will be made within a few days where tickets may be secured.

GOSSIP OF THE RING

George Chis and Sallor Petrovsky will come out but nearer to the solution of the midweight problem tonight when they clash for a twenty-round battle in Tom McCarry's Yarns arena. Chis has been branded a slight favorite in the betting, on account of his ability to hit and the two knockout victories over Kluge. At taking the punches Petrovsky is about the best of the best. He has boxed two twenty-round draws with Bob McAllister and one twenty-round with Clabby, in all sixty rounds without a knockdown. The Sallor has, however, never met a boxer of Chis's hitting ability, although Chis is undoubtedly a better boxer than Chis.

LOVER ENDS HIS LIFE IN REMORSE

CUPID STUBS HIS TOE ON AMERICA'S GREAT DIVIDE

DIVORCE EVIL AROUSES THE CHURCH

Presbyterians Report One Divorce in Every Eleven Marriages.

CHICAGO, May 26.—"One out of eleven marriages in this country ends in divorce. The highest divorce rate in any country is in Japan. The next highest is in the United States. This situation is a disgrace to America." So saying the report of the committee on marriage and divorce made to the Presbyterian general assembly in session here opened with an emphatic denunciation of apathy on this subject and declared that the time was ripe for action and not words.

"Certainly no earnest man can be quiet and satisfied under such conditions," the report read. "No doubt, some will say that we must call a conference, pass resolutions and organize a new society. Such proposals only add a new aggravation. Full publicity has been given. Resolutions have been passed. Congress and the churches composed of the highest abilities have been called and have issued their findings. Still the divorce rate continues to increase in the way of action and results. The two legal bodies provided for no executive agency to carry their plans into effect.

ASK QUICK ACTION.

"Now we should act. The Presbyterian church is in a position to take steps for an advance. It has in its possession a knowledge of marriage and divorce. The synods and presbyteries are closely related in all the states to legislatures that should now be approached with definite proposals for reform. Our ministers and elders might easily invite the co-operation of their brethren in other denominations, and together might hope to secure the passage of improved laws on this behalf.

"The committee would hereby recommend that this general assembly approve of the following particulars as desirable for incorporation in an improved state code or new law on marriage and divorce.

"The requirement of a residence of at least two years in the state where the application for divorce is to be entered.

"The requirement of a period of at least one year after the granting of divorce before the same shall take effect.

"The following proviso concerning evasion of law as to marriage and divorce, to-wit:

"That if any person or persons being resident of this state shall go into another state or country with intent to evade or violate any of the laws of this state pertaining to marriage or divorce, and there contract a marriage or obtain a divorce, prohibited by the said laws of this state, and then return to this state, such marriage or such divorce shall be null and void for all purposes in this state, with the same effect as though such prohibited marriage or divorce had been entered into in this state."

The committee called attention to the fact that none of its suggestions had to do with offering to promote any legislation on the matter of uniform causes for divorce.

LOSS IN MEMBERS.

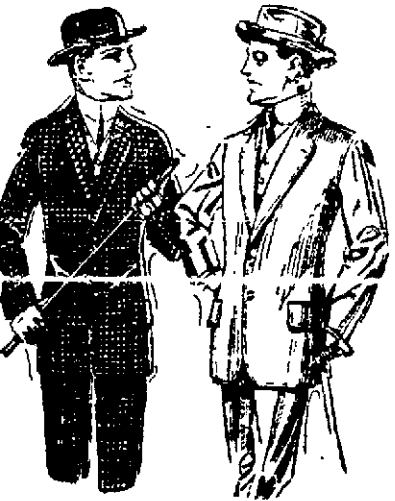

A net loss of members to the Presbyterian church averaging more than 43,000 a year for the six years since 1903 was regretfully announced to the session.

This loss was stated to be through the single item of absenteeism. In 1913, 50,927 members were dropped from the rolls and 7,995 were restored.

These figures, however, take no account of the yearly additions to the church in new members, children, converts, etc.

NEVER CAN SMILE.

"There is hope for anybody who can smile, and the negro has never forgotten how to smile," said Rev. John M. Gaston of Philadelphia today before the General Assembly of the Presbyterian Church in the United States in support of the report of the standing committee on Freedmen.

JACOB A. RIIS IS DEAD RENOWNED FOR REFORMS

JACOB RIIS, FRIEND OF A MILLION TENEMENT CHILDREN WHO DIED TODAY.

BARRE, Mass., May 26.—Jacob A. Riis, author and social worker, died at his summer home here today after a long illness.

Jacob August Riis became, through his work in behalf of the poorer people in New York, the most popular citizen of the metropolis, according to a tribute once paid to him by Theodore Roosevelt, his intimate friend.

As an almost penniless immigrant he obtained knowledge of the slums at first hand and found conditions there so repellent that he consecrated his whole life to warfare against wretchedness.

Riis was the thirteenth child of a Latin teacher in Ribe, Jutland, Denmark. He was born in 1849. Protesting at the literary career which his father had cut out for him, young Riis decided to work with his hands and became a carpenter's apprentice. The vocation he had chosen did not prevent him, however, from falling in love with Elizabeth Nielson, daughter of one of the richest men in his native town. But she refused him, and when Riis was twenty-one years old, having learned his trade, he embarked for New York with only \$40 in his pocket. He spent half the sum for a heavy navy pistol as soon as he landed "to fight Indians and desperadoes."

WIVES OF WOMEN.

"What are five pictures compared with 50,000 pictures of the greatest artist, which are being shamefully depicted, damaged and destroyed by men each night?"

Mary Spencer, who damaged a picture at the Royal Academy on May 22, told the judge the only way left for women to establish their views was to damage property, as they respected human life too much to destroy it.

Extraordinary precautions have been taken at the Epsom Race course to prevent any repetition of last year's tragic interference with the running of the Derby when Emily Wilding Davison met her death by jumping on the course.

A force of 2,000 police will be on duty during the race meeting. The arrangements to prevent King George and Queen Mary being subjected to annoyance by suffragettes have been made as perfect as possible.

STUDENTS ARE FREED BY COURT

Girls Were Permitted by Their Mother to Accompany Youths to Beach.

SAN FRANCISCO, May 25.—Kenneth Montague, 22-year-old University of California student, and two of his favorite in the younger society set, and Cordie Tuttle, a member of a prominent San Francisco family, and a graduate of an eastern university, both of whom were charged with contributing to the delinquency of minors were today dismissed by the juvenile court.

Montague, who is the son of Louis F. Montague, millionaire capitalist and chairman of the Board of Directors of the Pacific Telephone and Telegraph Co., and Tuttle, were arrested here ten days ago in company with the Misses Elsie and Gladys Lomax. The four had been joyriding through the park and along the beach boulevard, and the men were taken into custody at "The Crest" roadhouse. Their apprehension by Corporal Skelly and their subsequent appearance before Police Judge Sullivan caused a sensation.

HAD MOTHER'S CONSENT.

It was decided to transfer the cases to the juvenile court and there a hearing was held today. The two girls, who are the daughters of Richard Lomax, a confectioner, of 1199 Market street, were present at the hearing, accompanied by their parents. The dismissal of the action followed the testimony of Mrs. Lomax that she had permitted her daughters to accompany the young men to the beach. She knew, she said, that they were going to the Cliff House and had had no objections to their accepting the attentions of the college students.

As there was no claim by the police that there had been any particular wrong doing, and as the only reason for the apprehension of the party was their pressing out for 3 o'clock in the morning, Judge Murray dismissed the accusation against the young men.

Both girls were allowed to go to their homes and the incident was closed.

Tears Money Up, But Cries Out at Reported Robbery

SAN FRANCISCO, May 26.—Joseph Meyer, a sausage maker from the Columbia Hotel, 32 Sacramento street, with \$250 in his pocket, entered a saloon at 34 Fimbaradero early this morning and tore a \$20 greenback into three pieces. He also purchased three

He returned a few moments later minus the bubble water and declared that he had been robbed of his coin. John McPherson, the bartender, recalling the fervidity with which Meyer had torn up his money, called in the police. It was deemed best to lock the sausage maker up for his own protection and he was placed in a cell at the city prison.

He protested loudly that he had done nothing and tried to break out. Climbing up on the wash basin in the cell he perched on the faucet and tried to squeeze through the aperture by which the prisoners' meals are passed. The faucet was broken and when this was discovered by the guards later in the morning Meyer was booked for malicious mischief.

REPEAL ATTACKED

WASHINGTON, May 26.—The Panama tolls exemption repeal was debated again today in the Senate. Senator Jones, Republican, of Washington, led off with an attack on the bill.

"The American people will not have their rights foreclosed in this way. They approved this legislation," said he. "Repeal this law now and the people will write it and insist on it."

Senator Jones declared the time to arbitrate the dispute with England was before the repeal and not afterward. Advocates of repeal, he said, had exercised "Huerfian ingenuity" seeking out reasons.

Senator Sutherland of Utah introduced a resolution calling on the President to submit to Great Britain a proposal for the creation of a special impartial tribunal for arbitration.

DIES BENEATH WHEELS OF TRAIN

Fear-Stricken Beside Dead Girl He Longs to Perish; Takes Drug.

LISLE, Ill., May 26.—Reginald A. Barr, leaving behind him a note declaring that he was going to his sweetheart, Florence Bentley, at Downers Grove, Ill., was found dead Saturday night was accidental, jumped beneath a moving train here early today and was killed.

It was his fourth attempt at suicide. In a note he said he took a drug twice in an effort to die beside the body of his sweetheart, but both times failed, sleeping the drug off beside the corpse.

He next jumped into a quarry pit, but he fell in stagnant water, and "I could not sink," said the note.

The clothing on his body was wet when taken from the tracks. The note said Miss Bentley was killed when he tried to kiss her. She screamed and he placed his hand on her throat. "She became quiet all of a sudden," said the note.

In remorse and fear he sat beside her for some time, seeking to find a spark of life remaining in her. Finally he gave up hope, and jumped into the quarry pit. When this attempt to die failed he went to Aurora, where he purchased an anesthetic. He returned and, prostrating himself beside the girl's body, swallowed it.

After a while he woke up. Again he made the trip to Aurora, says the note, and again returned with poison to die beside the girl he had slain. This attempt was also a failure. Then he wandered for hours through the woods before jumping in front of the train.
